WHY FULL BODY

full-body vitrified tiles are made from the finest quality materials, ensuring exceptional strength and resistance to scratches, stains, and fading. With their non-porous surface and low water absorption rate, they are also incredibly easy to clean and maintain, making them ideal for high-traffic areas such as kitchens, bathrooms, and living rooms.

Available in a wide range of colors, patterns, and finishes, our full-body vitrified tiles offer endless design possibilities, allowing you to create the perfect look for any space. Whether you prefer the timeless charm of marble, the rustic appeal of wood, or the sleek sophistication of concrete, our collection has something to suit every taste and style.
