

CATALOGUE 2024

## About Us

We provide an extensive range of premium bathware solutions that add a fresh arena of versatility while enhancing aesthetics. With over 30 years of experience, we have not only established ourselves as the leading force of Indian Sanitaryware but have also engaged in exceptional commitment to innovation and sustainability.

Our vision is to be globally recognized for our excellence, while our mission focuses on developing sanitaryware that guarantees safety and comfort for everyone. Our products echo the finesse of perfection, moulded with the elements of safety, comfort, practicality, and style! With advanced technology, we cater to the contemporary needs of the market and aim to elevate the bathroom experience with serenity!

## Vision

To be a globally recognized leader in the sanitaryware industry, admired for our unwavering commitment to excellence. We aspire to set new benchmarks in the industry, becoming synonymous with quality, innovation, and style. Our vision is to influence the global market by consistently delivering products that not only meet but exceed expectations, reflecting our dedication to craftsmanship and innovation. We aim to inspire trust and loyalty, earning the respect and recognition of customers, partners, and industry peers worldwide.

## Mission

Our mission is to develop sanitaryware solutions that prioritize the safety and comfort of every individual. We are dedicated to designing products that harmonize with the modern lifestyle, blending aesthetics with functionality. Our offerings are the result of meticulous craftsmanship, embodying the highest standards of safety, comfort, practicality, and style. By integrating cutting-edge technology and anticipating market trends, we strive to enhance the bathroom experience, creating spaces of serenity and sophistication. We are committed to continuous improvement and innovation, ensuring that our products consistently elevate the standard of living for our customers.

# PRODUCT CHARACTERISTICS

All seats and covers are subjected to a weight test.

All WC pans are subjected to an odour leakage test.

Soft Close Seats & Covers  
Soft Closing and silent  
Special technology

Anti Bacterial Glazed

All seats and covers are subjected to an open/close test.

Saves water with only 1 Ltr. of water consumption.

Requires very little space and provides easy bottom cleaning.

## ISO 9001:2015 Certified Co.

# INNOVATIVE TECHNOLOGY

Experience the latest in sanitary ware innovation with our technologically advanced fixtures. From water-saving solution to smart features, our products redefine convenience in your daily routines.

## Flush Technology

### TORNADO

Tornado flush system features two powerful nozzle that will create a cyclonic rinsing action. It will reduce waste buildup & keeps the bowl neat and clean. This high-efficiency mechanism is more effective in one flush that most toilets are with multiple flushes.

### SIPHONIC

The siphonic flush system is also known as the suction flushing system. The siphonic flush system creates the narrow 'Q' shaped trap way. You'll have a clear bowl with a lower chance of skid marks. With the use of advanced technology in flushing.

### SIPHONIC WITH TORNADO

The combination of siphonic & tornado will bring the highest quality of hygiene into your bathrooms. With the help of this advanced & one of the easiest to maintain flushing systems, it'll be easier to keep up with cleanliness in just a second. We introduce you to brand new features 4D & 5D flushing system.

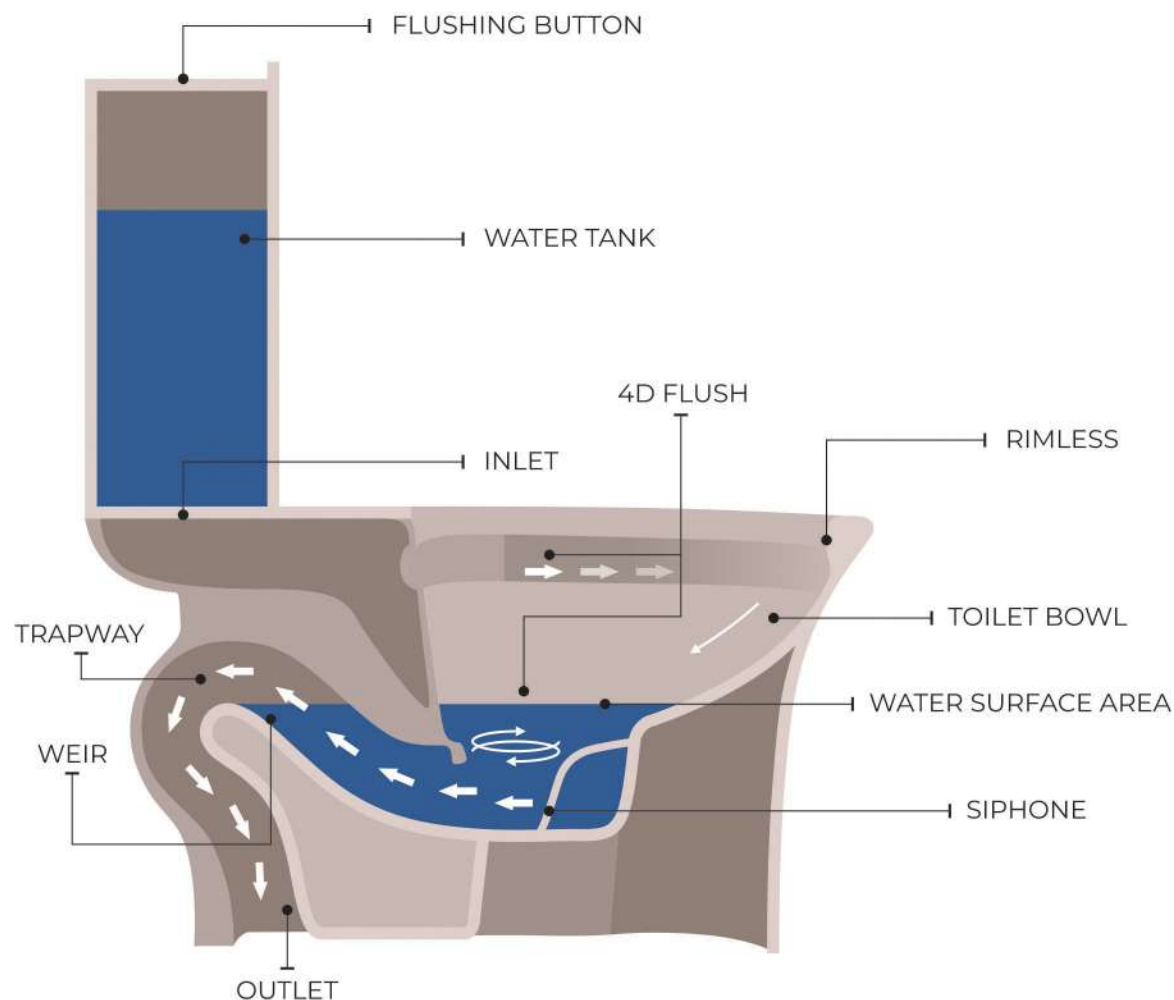

### WASHDOWN

The way wash down flushing works is very simple. It will use the weight and gravitational flow of water from a toilet bowl. It will save your water effectively as it includes dual flushing.

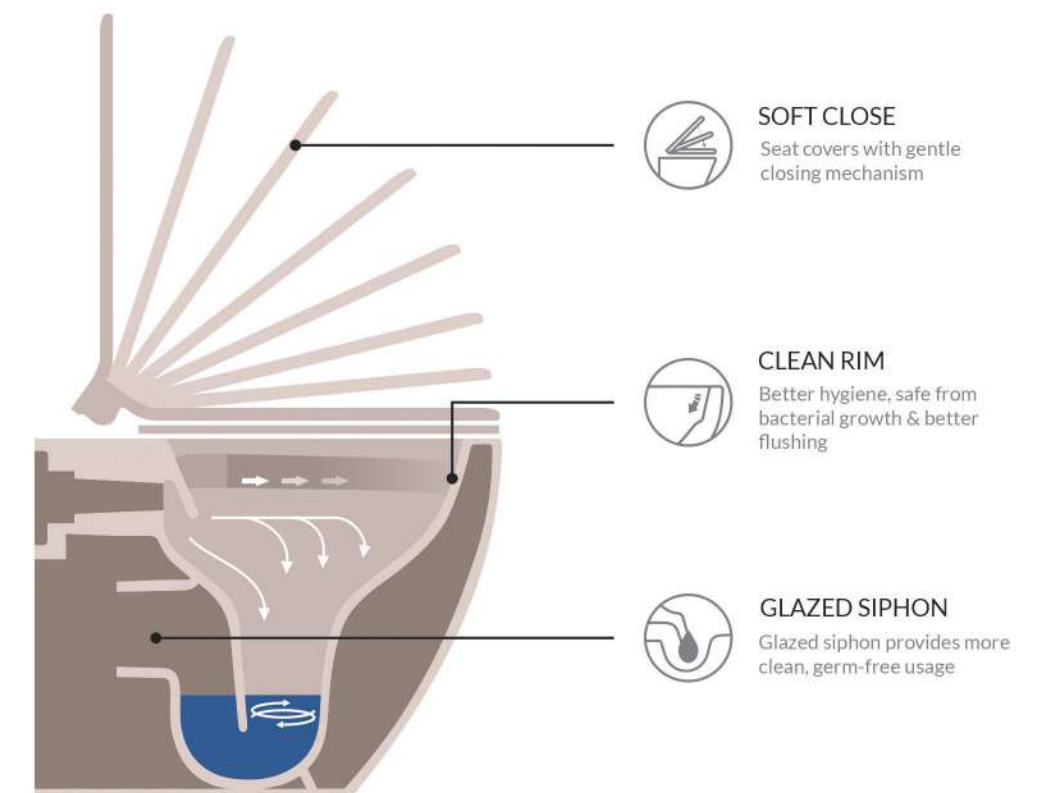

# HOW DOES THE FLUSHING SYSTEM WORK ?

Large water surface offers easy cleaning  
Extra large siphon jet for maximum power  
Elegant skirted design offers easy cleaning  
Large computer designed, fully glazed trap way reduces clogging.

# WHY YOU SHOULD BUY A WALL MOUNT TOILET ?

Common in European bathrooms, wall-mounted toilets started gaining popularity in the India as well and for good reason. There are numerous advantages to using them, both in terms of used space and practicality and design overall. But first let's discuss a few general details.

So what is a wall-hung toilet and what makes it special? Their main distinctive feature which differentiates them from floor-mount toilets is the fact that the water tank is concealed behind the wall. It still remains accessible through the flush plate opening but stays out of view or you can use flush valves as well which are directly connected to the main water line to the bathroom. The bowl is mounted to the wall and the plumbing is connected to the water tank inside the wall.

### WALL HUNG BASIN

As per shown in the picture, the rag bolt must be grouted into the cement/concrete wall. The bolts must be fixed to the cement/concrete wall. Allow setting & checking than install it using nut and washer.

### COUNTER WASHBASIN

At the beginning

1. A skilled or experienced person should install counter lavatories.
2. Avoid using adhesive with this product.
3. Check the waste area and supply tubing if required.
4. Do not open the lavatory from its protective carton until you are ready for installation.
5. Please follow all local building and plumbing codes.

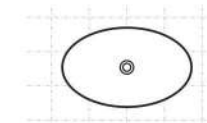

### MATERIAL & TOOLS

Measure tape, Keyhole or saber saw, Hammer, Glasses, Rags or Paper toweling, Drill (1/2 dia, drill bit or larger), Pencil, sealant, sharp knife or scissors.

### INSTALLATION OF LAVATORY

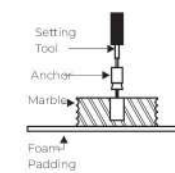

Please Note : Please install it in a way that future removal from underneath the counter top is possible without damaging the counter top.

1. Please check the desired location for clearance between the back splash, faucet, Fixture and cabinet.
2. Please cut the template.
3. Please carefully trace the template on the counter top directed.
4. Please mark the faucet hole centerline on the counter top.
5. Please drill a 1/2" pilot on the inside of the cut line.

### For Wood Counter tops:

1. Mark and pre-drill the wood screw holes at the locations shown on the template.
2. Waterproof any exposed areas of wood.

### For Marble Counter tops:

1. Position the counter top upside down on foam padding to protect the surface. Mark and drill 3/6" holes 5/8" deep at the locations shown on the template.
2. Use a setting tool and hammer to secure the anchors.

### For All Installations:

1. If the counter top has not been installed, install it at this time.
2. Drill the faucet holes according to the faucet installation instructions.
3. Install the faucet to the counter top according to the manufacture's instructions.
4. Install the drain to the lavatory according to the manufacture's instructions.
