RE:

Dear AMAR LAW GROUP:

I am writing you this long overdue letter of gratitude from my family and I. Amar law group in my opinion went far above and beyond any expectation that I had to get a fair settlement for our boat. In our case we purchased a brand-new boat and had nothing but problems with it. We spent over a year with the manufacture trying to get warranty items fixed on our boat with no progress. Most times when you buy a new vehicle once you sign the papers and are out the door you are on your own even with a factor warranty. It got to the point where we could not use our boat and every time the factory "fixed" it we had the same result. The summers in Washington state are about three months long and we couldn't use our boat. I wasn't sure what to do we had a brand-new boat that the factory couldn't fix, and the factory said we couldn't use the boat until it was fixed, or it would void the warranty. In comes Amar law group, they got the factory to ok us using our boat while we worked out a settlement and if anything were to break on the boat the factory would cover it under warranty. Henry and Emily were with me every step of the way, they answered every question I had and every time I called them, they answered, no voicemail or automated phone system they answered every time. Every time I called Henry or Emily, they knew exactly who I was and would give me updates on how our case was going. Amar law group was able to negotiate with the factory and didn't get them to fix our boat they got them to trade us for a brand new one at no cost to us. It was a horrible experience for us but without Amar law group, Henry and Emily I'm not sure where we would be today. Thank you, Amar law group, Henry, Emily, Robert and all the people behind the scenes that got the job done for us.

Respectably,

Derek A

Thank you and everyone on your end for all of your efforts and diligence on this! We realize that the pandemic made this whole process way more work and hassle than normal. We are extremely grateful you did not take a low-ball 'final offer' from [redacted] as final and persevered until you convinced them of the merits of our case.

As discussed on the phone, we realize [redacted] didn't become a multi-billion dollar corporation by rushing checks to customers with defective vehicles, so we're very patient and will wait until we hear back from someone there.

You exceeded our expectations, so we are very happy and extremely satisfied with your representation and work!
