

## What To Bring?

The Outpost has many amenities and consumable goods provided for free, but since we are at an elevation of 2,100 feet, there is a greater UV exposure. The land is also untamed and very hilly. Here's some things that you may need to bring:

1. Make sure you are topped off with fuel before turning onto RR965 – there is no gas station in our area.
2. Backpacks.
3. Bikes/ ATV (there are unending miles of roadways).
4. ChapStick.
5. Hiking boots (it's rocky in many areas).
6. Long sleeve shirts.
7. Neck socks.
8. Pocket knife.
9. Sunglasses.
10. Swimsuits for the hot tub.
11. Walking sticks.
12. Water jugs (we have a water filter in the fridge).
13. Whistles.
14. Wide brim hats.

## Winter/ Snow Season:

It snows up at The Outpost during January - March, and it can also ice over / hail during those months, so here's some additional reminders. Snow shovels and ice scrapers are available for you to use:

1. ChapStick.
2. Diesel vehicles: glow plugs/ electric block heater.
3. Earmuffs.
4. Gloves.
5. Jackets.
6. Park under barn roof – this will help stop icing and also protect from hail.
7. Scarves.
8. Snowboards, skis, snowshoes, etc. Its hilly, so it's fun for cross country. There are also quite a few downslopes in the area.
9. Sunglasses.
10. Sweaters.
11. Thermals.
12. Wet weather boots.
13. Wool hats.
