

SAT 27 AUG BOARD MEETING MINUTES

APOLOGIES FROM SUNGJAE, DARLENE, JAMES

MEETING START 5:28

Nick: just found out issue's happened before

- Digital ocean, july 23 21, 16 jan 2020, march 2020 -> issue happened but was somehow resolved
- Digital ocean has backups of website
 - Could potentially make new website and restore from backup.
- Can't access admin email
- Hard to contact wordpress support: account isn't linked to site.
- Strategy to be: to restore backup onto new website.

- Alex: editors:
 - Some type of website to publish on
 - If we can try backup site that would be the best option
 - However - create an interim website to host to publish student politics information.
 - Nick: Is there minimum things needed for the interim website?
 - Answer: just a place to link to facebook posts.
 - Since we have the Anuobserver.org, we can use that domain for the interim.
 - Nothing heard from Hailey.

Nick

Basic website up by the end of tomorrow (Sunday EOD)

Alex:

- Flagging putting up ads for the web team.

Nick: far fetched but if want to pay professional for site design if we get a nice new site

- Nick has mate who has website company -> ask for ballpark est. -> pay for development but we'll control site and development and content -> for discussion once est quote given.
- Nick getting in touch with digital ocean team if feasible to upload backups of website, should be hearing response soon
- Alex: will be uploading all old articles manually
- Nick: can't access admin console of wordpress -> can't cancel subscription -> will deal with later
- Nick: do big inventory make sure all accounts are accessible
- Nick to ask Angus about Wordpress payment -> we don't pay for wordpress -> it is software from wordpress loaded into digital ocean

CLOSED at 5:52pm
