**General Mitchell International Airport Concourse C Expansion** included renovation of the existing C Concourse and a 31,000 sf addition. The project added an additional security screening lane in the checkpoint, expanded the airline gate seating areas, created an atrium filled with natural daylighting, and remodeled dining and retail areas.

The project also added 8 additional airline gates in the "Hammerhead", provided airline operation areas on the apron level, and expanded the fuel hydrant operation around Concourse C.
