Daily Reporter 2019 – Top Projects

## Marquette University Physician Assistant Studies

building includes 44,000 square feet and is located on a prominent site on campus. It has a 2,300 SF specialized medical simulation center that offers simulation rooms of OR, ICU, inpatient and ED technologies and scenarios. A shared 450 SF centralized control room is equipped with mannequin control systems. The use of glass in the simulation center provides complete transparency between a public observation teaching space through to the debriefing suite.

The building also has a 4,500 SF ambulatory care suite with 19 dedicated OSCE exam rooms, each with a dedicated observation / control room, as well as 900 SF 8-station clinical practice suite open 24/7 for student group practice in off hours.
