**The Milwaukee Public Market** is located in the Historic Third Ward and is community gathering place and visitor destination. The market consists of a large open volume for local vendors to sell their products. It also features cafe seating, a bar, and state-of-the-art demonstration kitchen used for cooking classes and private events. The market relies heavily on daylighting and natural ventilation to reduce HVAC costs, and a combination of high-performance glass and sun louvers control heat gain.
