Where did you meet?

My family moved from Montvale to old Tappan in the fall of my senior year of high school. I chose to switch to NVOT high (Northern Valley Old Tappan) which was the best decision I ever made. I met and became pals with Audrey. Reeve, from Old Tappan. After a long friendship we courted after college and married in 1979.

Do you have children?

Yes

Please provide names and details

Evan and Stacey both live nearby us in NJ.

Do you have any grandchildren, how many?

Augusto and Carmen, so far...

Occupation: (If retired include how you spent your career and what you are doing now)

I am self employed (retired) and divide my time between music, travel, civic engagement, design, grandchildren, and my wife Audrey (not necessarily in that order).

Trained in Industrial Design, I planned and built interior spaces for showrooms, offices, banks, stock trading operations, bookstores, and retail. Later, I directed real estate strategy, site selection and transactions for a Fortune 25 company, including automated pharmacies and major relocations. Today, I continue to design and build living spaces, museum exhibits, and other projects that strike my fancy.

If you attended college, include any details you would like to share

Did you receive any awards or honors you would like to share? If so, please include details

I am currently a lay member of the New Jersey Supreme Court Advisory Committee on Professional Ethics and President of the Twin Lights Historical Society, the friends group at the Twin Lights State Historic Site in Highlands, NJ, a National Landmark.

What are your hobbies and how do you spend your time?

Music (the jug band we started at Pascack Hills is still going after 50 years!!!), travel, golf and Aurora Thunderjet HO slot cars (I still have my cars from the 1960's and just built a new layout in the basement).

Include any information on interesting travel you have done

We travel a lot. During covid, Audrey and I have taken to daily hikes at different parks in New Jersey

What was your favorite place?

The old USA I've travelled a bit

Its a beautiful world, I've not seen it all yet

But to make me complete, I gotta come home

I dig Jersey sand in my toes

End of August and into September is when our family spends 3 weeks at the New Jersey shore.

What other special events in your life would you like to share with your classmates? The Son of the Original Synthetic Hickey Goodtime Rinky-Dink Jug Band, Inc. first played at the Pascack Hills Pop Show in 1971, as a lark (and then again in 1972) and recorded an album in 1972 (not available in stores!). The band lineup during high school included Jim Vasconcellos, Gary Wikfors, Doug Bowen, Doug Maguire, Mike Werner, Mitch Grossman, Dave Finkel, Jeff Tyler and later Dave Rubin (Dave is from PHHS class of 1973).

Well guess what? We are still a band! For many years known as the Swampgrass Jug-band, our repertoire of American roots music, founded on blues and acoustic string band music, includes many originals. Over the years, we have had many members, including our own children, one of which is now an international pop star.

Even with Jim Vasconcellos' untimely death in 2019 and then covid, Doug Bowen, Jeff Tyler and Dave Rubin continue to practice, write new songs, and perform occasionally where and when they feel like it, especially around campfires.

What was your favorite song in High School?

Any of our jug band songs

What teachers at PHHS influenced you the most?

Miss Norma Burke, Mr. Richard Seilhamer, Frau Ketels

Do you have any grandchildren, how many?

Occupation: (If retired include how you spent your career and what you are doing now)

Various positions in Training, Leadership and Organization Development; last corporate position was N.A. Director of Training and Organization Development for Hanson Building Materials, America. Currently work part-time/independent as an Executive Leadership Coach.

If you attended college, include any details you would like to share

BFA, Southern Methodist University; but did not stay in art field, eventually went to work at Texas Instruments in Dallas, Texas. They paid for my Masters in Organization Development, MSOD from University of Texas, Dallas; then went on for Executive Coaching certification and credential through UT-Dallas and International Coaching Federation.

Did you serve in the Military? If so, please include details and years of service

No

Did you receive any awards or honors you would like to share? If so, please include details

Internal awards in corporate life and Coaching association and Rotary

What are your hobbies and how do you spend your time?

Art Museums and galleries, some watercolor and pastel work of my own; Avid theatre goer; collector of antique American made glass, travel (pre-pandemic). Love to read murder mysteries and biographies. Also, I'm a Rotarian and spend a lot of time volunteering around the city.

Include any information on interesting travel you have done

I was fortunate in my corporate days with travel assignments. I have been to over 20 countries across Europe and Asia while working for Texas Instruments.

What was your favorite place?

Living in Dallas, I do miss NYC and all it has to offer, Paris is my favorite place in Europe, I could live there tomorrow. I also really like Hong Kong but don't think I will ever see it again.

What other special events in your life would you like to share with your classmates?

What was your favorite song in High School?

I don't know if I had a favorite song, I remember the Jug Band music when I watched them or a musical, when I went into the city to see a show, or something "Cousin Brucie"/WABC was playing on the radio. I like all kinds of music but can't sing a note in tune myself. I was always envious of those in Concert Choir.

What teachers at PHHS influenced you the most?

This is a tough one for me. I am not sure about teacher influence. I guess the teacher I spent the most time with was Norma Berke, the head of the Art department because she sponsored the Yearbook committee, and I was one of the editors of the yearbook for four years. But I had a real appreciation for Irma Berg the Gym teacher who passed me every year even though I didn't have a coordinated bone in my body. I hated running around that track!

When I think about influence, it is from classmates. I would never have run for class officer my junior year, if it wasn't for Brad Brockmann and Ricky Cindrich. I would never have partied as much or had as much fun if it wasn't for Sandy Rang. And I got my first taste of leadership skills working at the Burger King.

What is your favorite quote?

Just do it! - I am such a procrastinator, still.

Where did you meet?

My family moved from Montvale to old Tappan in the fall of my senior year of high school. I chose to switch to NVOT high (Northern Valley Old Tappan) which was the best decision I ever made. I met and became pals with Audrey. Reeve, from Old Tappan. After a long friendship we courted after college and married in 1979.

Do you have children?

Yes

Please provide names and details

Evan and Stacey both live nearby us in NJ.

Do you have any grandchildren, how many?

Augusto and Carmen, so far...

Occupation: (If retired include how you spent your career and what you are doing now)

I am self employed (retired) and divide my time between music, travel, civic engagement, design, grandchildren, and my wife Audrey (not necessarily in that order).

Trained in Industrial Design, I planned and built interior spaces for showrooms, offices, banks, stock trading operations, bookstores, and retail. Later, I directed real estate strategy, site selection and transactions for a Fortune 25 company, including automated pharmacies and major relocations. Today, I continue to design and build living spaces, museum exhibits, and other projects that strike my fancy.

If you attended college, include any details you would like to share

I am currently a lay member of the New Jersey Supreme Court Advisory Committee on Professional Ethics and President of the Twin Lights Historical Society, the friends group at the Twin Lights State Historic Site in Highlands, NJ, a National Landmark.

What are your hobbies and how do you spend your time?

Music (the jug band we started at Pascack Hills is still going after 50 years!!!), travel, golf and Aurora Thunderjet HO slot cars (I still have my cars from the 1960's and just built a new layout in the basement).

Include any information on interesting travel you have done

We travel a lot. During covid, Audrey and I have taken to daily hikes at different parks in New Jersey

What was your favorite place?

The old USA I've travelled a bit

Its a beautiful world, I've not seen it all yet

But to make me complete, I gotta come home

I dig Jersey sand in my toes

End of August and into September is when our family spends 3 weeks at the New Jersey shore.

What other special events in your life would you like to share with your classmates? The Son of the Original Synthetic Hickey Goodtime Rinky-Dink Jug Band, Inc. first played at the Pascack Hills Pop Show in 1971, as a lark (and then again in 1972) and recorded an album in 1972 (not available in stores!). The band lineup during high school included Jim Vasconcellos, Gary Wikfors, Doug Bowen, Doug Maguire, Mike Werner, Mitch Grossman, Dave Finkel, Jeff Tyler and later Dave Rubin (Dave is from PHHS class of 1973).

Well guess what? We are still a band! For many years known as the Swampgrass Jug-band, our repertoire of American roots music, founded on blues and acoustic string band music, includes many originals. Over the years, we have had many members, including our own children, one of which is now an international pop star.

Even with Jim Vasconcellos' untimely death in 2019 and then covid, Doug Bowen, Jeff Tyler and Dave Rubin continue to practice, write new songs, and perform occasionally where and when they feel like it, especially around campfires.

What was your favorite song in High School?

Any of our jug band songs

What teachers at PHHS influenced you the most?

Miss Norma Burke, Mr. Richard Seilhamer, Frau Ketels

What are your hobbies and how do you spend your time?

Art Museums and galleries, some watercolor and pastel work of my own; Avid theatre goer; collector of antique American made glass, travel (pre-pandemic). Love to read murder mysteries and biographies. Also, I'm a Rotarian and spend a lot of time volunteering around the city.

Include any information on interesting travel you have done

I was fortunate in my corporate days with travel assignments. I have been to over 20 countries across Europe and Asia while working for Texas Instruments.

What was your favorite place?

Living in Dallas, I do miss NYC and all it has to offer, Paris is my favorite place in Europe, I could live there tomorrow. I also really like Hong Kong but don't think I will ever see it again.

What other special events in your life would you like to share with your classmates?

What was your favorite song in High School?

I don't know if I had a favorite song, I remember the Jug Band music when I watched them or a musical, when I went into the city to see a show, or something "Cousin Brucie"/WABC was playing on the radio. I like all kinds of music but can't sing a note in tune myself. I was always envious of those in Concert Choir.

What teachers at PHHS influenced you the most?

This is a tough one for me. I am not sure about teacher influence. I guess the teacher I spent the most time with was Norma Berke, the head of the Art department because she sponsored the Yearbook committee, and I was one of the editors of the yearbook for four years. But I had a real appreciation for Irma Berg the Gym teacher who passed me every year even though I didn't have a coordinated bone in my body. I hated running around that track!

When I think about influence, it is from classmates. I would never have run for class officer my junior year, if it wasn't for Brad Brockmann and Ricky Cindrich. I would never have partied as much or had as much fun if it wasn't for Sandy Rang. And I got my first taste of leadership skills working at the Burger King.

What is your favorite quote?

Just do it! - I am such a procrastinator, still.

Waterfalls in Western PA, the Jersey shore, Lake George, & home.

What other special events in your life would you like to share with your classmates? I

have been happily married to my wonderful wife Sylvia for over 40 years. We recently moved to our second home in Pequannock, NJ. We met at William Paterson College and have had an ongoing adventure ever since. We are very proud of our 3 children. One son Christopher works in financials/accounting and holds an MBA, our other son (Curtis) is working for NBC. Yes NBC Television Network! He has worked as a Technical Director, Graphics person, and programmer for them. Both sons are married and own their own homes. Our Daughter (Aileen) graduated from College with Honors, and is presently working to become Certified as a Teacher. We are also very proud of our Grandchildren Chris (5 years old) and Richie (3 years old). They are both "smart as a whip"! ...and lot's of fun most of the time! Looking forward to more fun times with them.
