

Gaudent Technology

VISION, MISSION, AND VALUES

VISION:

We want to become business bridges from China to globally and bring best product and solution to serve our customers.

MISSION:

Customer delight and relationship;

Building bridges between advanced technologies and society;

Business Excellence and sustainable growth;

Paving the way to a bright future through a spirit of **cooperation**;

VALUES:

Gaudent Technologies is committed to fostering a challenging and rewarding environment for its employees who keep in mind **“aggressive growth and development, responsible for customer as first priority , creativity and in initiative continuously ”**.

Everyone within the organization, regardless of nationality, religion, culture or background, supports this value.

We respect the highest moral and ethical principles. We stand behind our words and promises.

By mutual endeavors, trust, and respect we build solid foundations for an individual as well as the company.

STRATEGY

GLOBAL MARKETING AND SALES NETWORK

CUSTOMER FOCUS AND SERVICE

NEW BUSINESS AND NEW PRODUCT DEVELOPMENT

STRONG MANUFACTURE AND LOGISTIC SUPPORT

COMPANY OVERVIEW

SALES NETWORK OVERVIEW

HEADQUARTER: Shanghai , China

EUROPE REPRESENTATIVE COMPANY:

Eurotrade SRL Caravaggio, Italy
www.eurotradesrl.com

NORTH AMERICAN COMPANY:

ALA Industries Limited
3410 Delta Drive, Portage, IN 46368
www.alaindustrieslimited.com

VIETNAM REPRESENTATIVE:

VIET HA CO., LTD
Doi Nhan Str, Vinh Phuc Ward, Ba Dinh Dist, Ha Noi

DC MOTOR MANUFACTURING

ADDRESS:

No.197 , DongshaoBei Area, Ningci East Road,
JiangBei District , Ningbo City , Zhejiang Province

ESTABLISHED: 1999

EMPLOYEES: 188 persons

DC MOTOR MANUFACTURING

Field Coil

Fly Winding

Metalscope

Power pack Life test bench

Noise Testing Lab

High Temperature

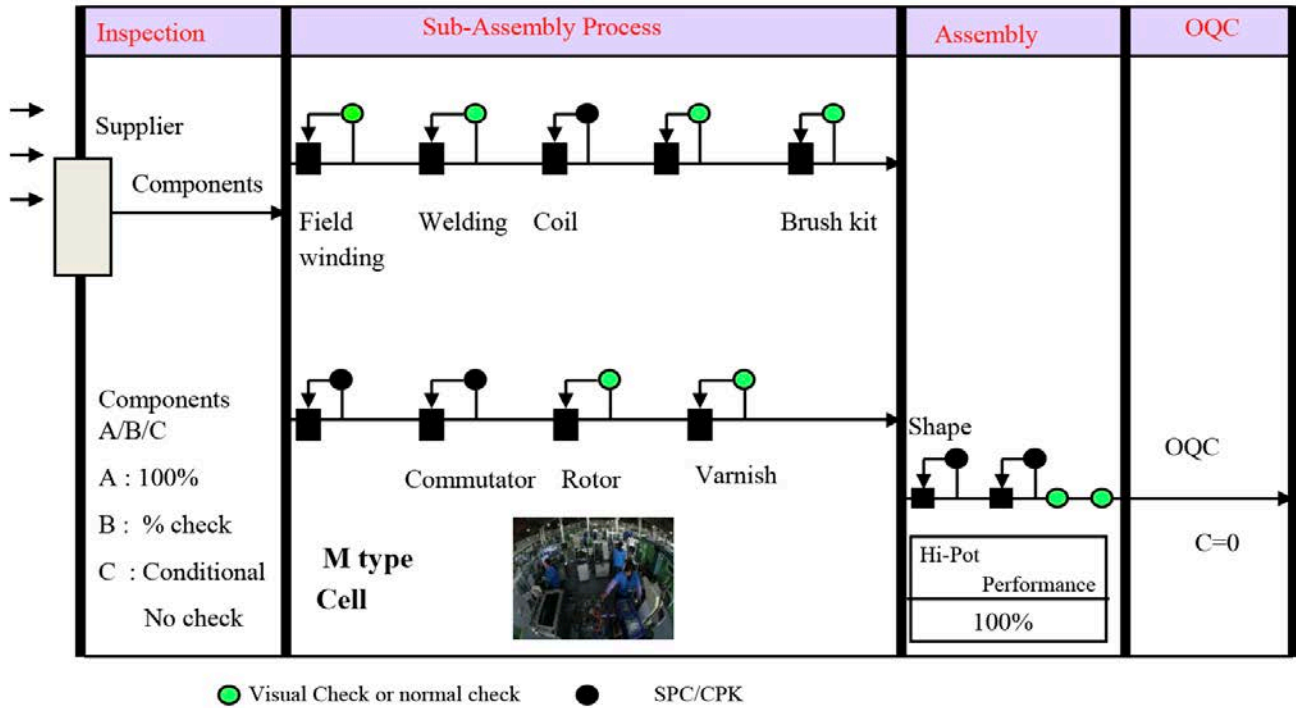

Salt Fog Chamber

Durability test

PROCESS CONTROL

OVERVIEW OF DC MOTOR PLATFORMS

4.5" Wound Field (Mainly for Warehouse Equipment)

**4.8" PM
(Drive Wheel 0.75-0.90kw)**

**3.1" Wound Field
(Mainly for Lift-gate)**

3.1" PM DC

76mm PM DC

5"/5.5" Wound Field

COMMON APPLICATION

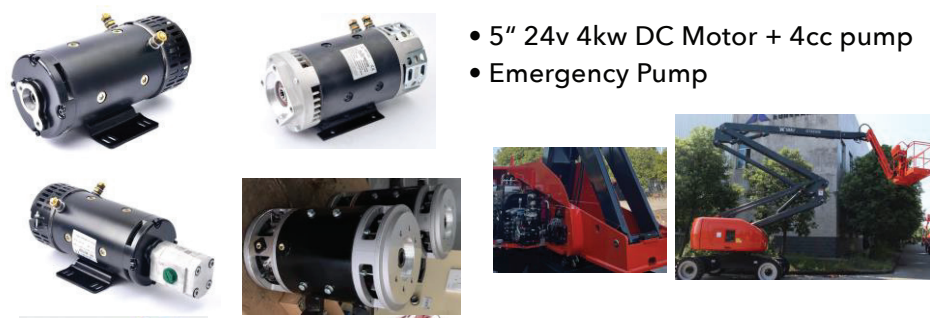

- 3" PMDC 0.5kw/0.8kw
- 4.5" Wound Field DC
1.6kw/2.2kw/2.5kw/2.8kw
- 12v , 24v , 48v
- Ventilation option

- 4.5" 12v/24v 1.2kw/1.6kw/2kw
- 48v/72v 2kw PMDC 119mm
- 5" 24v 3kw/3.7kw.4kw DC Motor
- Spray testing ASTM B117-09
- IP65/IP67/Ip69k Seal

- 5" 24v 4kw DC Motor + 4cc pump
- Emergency Pump

- 5.5" 24v/48v 5.5kw DC Motor
- Trailer Dump

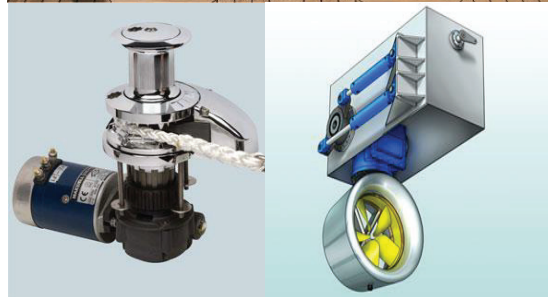

- 7.5" 48v/24v 5.5kw
- 9.5" 48v 7.5kw
- S2 15 minutes
- 1500rpm

CUSTOMIZATION FOR MARINE APPLICATION

Customization

Each of our models can be customized to meet your physical and performance requirements.

- **Mounting and shaft interface:**
 - We can easily customize the motor mounting and shaft configurations to match your application.
- **12V, 24V, 36V and 48V DC; other voltages can be custom designed**
- **Environmentally protected up with designs up to IP67 and IP69**
- **Motor finish for salt-spray resistance**
 - Clear zinc coating
 - eCoat black
 - Chrome plating
- **Thermal protection**

CUSTOMIZATION FOR TRUCK TARPS APPLICATION

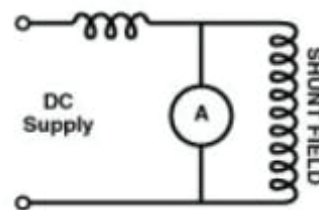

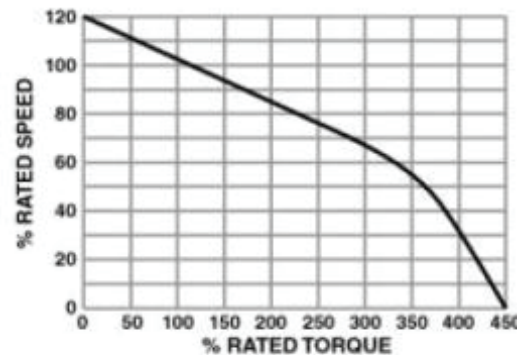

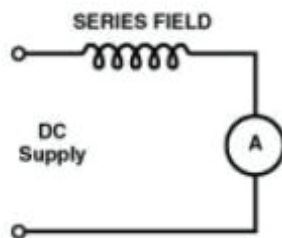

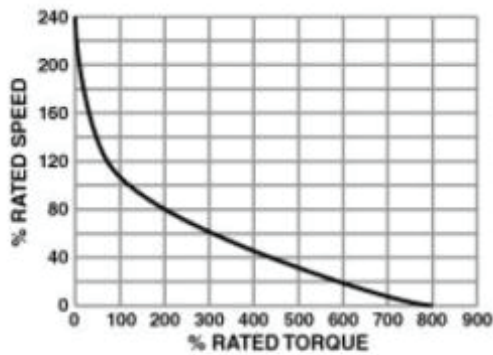

- 119mm 1200watt DC Motor
- 80mm 900watt DC motor
- 80mm 600watt DC motor
- Voltage : 12v , 24v
- Rated Speed (with gearbox) : 35-45rpm
- Option: Gearbox 1:50 , 1:60 , 1:90

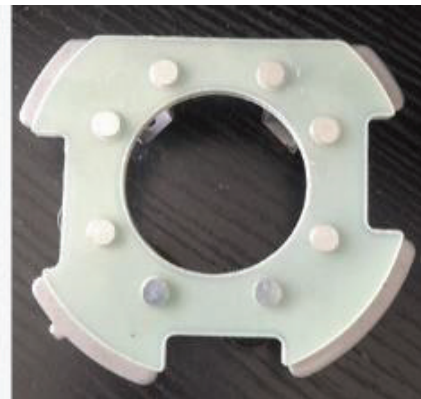

DESIGN

- IP67 Sealed Design
- Back Cover/TCO Integrated
- Heavy Duty or S1 Duty
- Bi-Rotation
- EMC
- Long Life Brush
- Compound wound Field / Series Wound Field
- 12v, 24v, 48v , 60v , 72v
- Low Noise Version

DESIGN

- UL Certificated Insulation , AU6539
- Insulated protection in Brush holder
- Terminal
- Brush Holder with Frame
- Brush spring

NEW PRODUCT DEVELOPED

MOTION FOR SOLAR ENERGY

- Electric Actuator
- Hydraulics Tracking Unit
- Gearbox Tracking Motor
- IP65、IP67

HYDRAULICS BRUSHLESS DC MOTOR

- 72v/60v/48v/24v
- 0.5kw - 4.0kw
- S1, S3 Duty Option
- 2000-3000rpm
- Integrated PCB board

- AC Motor , 2 speed
- 380v-400v 3 phase , 230v single phase
- 0.55kw - 1.5kw S1 Duty
- Gearbox : 1:20, 1:25 , 1:40

Band saw for metal - manual

- 3.3kw/4.5kw DC Motor ,
- 24v 500w Drive motor
- + 1:26 Gear Box
- + 4Nm Brake

- Traction PM Brushless Motor
- 14.9v/21.5v , 0.75kw , 4.5kw

- Hydraulics Jack
- Electric Actuator
- Stroke 300mm-500mm
- Speed: 6-7mm/s
- 500-800kg Loading
- Alum Front Hub

WE ARE THE SOLUTION.

APPLICATIONS APPLICAZIONI
