

ENVIRONMENTAL POLICY

DF PRECISION MACHINERY LTD IS COMMITTED TO MANAGING ITS BUSINESS AND ACTIVITIES IN ORDER TO MINIMISE ANY IMPACT ON THE ENVIRONMENT AND PROVIDE THE PROPER LEVELS OF CARE FOR THE ENVIRONMENT. IT IS THE RESPONSIBILITY OF SENIOR MANAGEMENT TO ENSURE THAT A HIGH LEVEL OF AWARENESS IS MAINTAINED AND THAT ALL ENVIRONMENTAL LEGISLATION, TOGETHER WITH HEALTH AND SAFETY REGULATIONS, ARE APPLIED AND INTERPRETED CORRECTLY.

It is the responsibility of DF Precision management to:

- 1. Ensure that the Environmental Policy is monitored and updated annually.*
- 2. Seek to continuously develop so as to minimise environmental impact as far as it is practicable.*
- 3. Classify, organise and dispose of all regulated and hazardous materials in a manner consistent with regulatory requirements.*
- 4. Define all waste materials and emission discharge points.*
- 5. Develop systems to monitor waste materials in order to minimise time awaiting disposal.*
- 6. Provide training to its employees in environmental awareness.*

1. MONITOR AND MAINTAIN POLICY

- 1.1 It is the responsibility of DF Precision management to ensure that the environmental policy is monitored and maintained on a regular basis.*
- 1.2 Environmental issues will be discussed, and any necessary compliance action recommended, both in DF Precision Safety meetings and at the management meetings.*
- 1.3 All appropriate environmental compliance points will be reviewed and monitored to ensure that the proper actions are initiated*

2. CLASSIFY, ORGANISE AND DISPOSE OF REGULATED AND HAZARDOUS MATERIALS

- 2.1 *All known hazardous and regulated materials will be classified and organised in terms of their disposal requirements.*
- 2.2 *Waste materials will be subject to evaluation either by internal resources or by externally appointed consultants.*
- 2.3 *All applicable materials will be disposed of in a manner required by Environmental legislation and documented evidence of disposal retained.*
- 2.4 *Notification will be given to a licensed waste handler to provide disposal procedures consistent with environmental or health and safety regulations.*

3. DEFINE ALL WASTE MATERIALS AND EMISSION POINTS

- 3.1 *All waste materials and emission points will be defined and maintained on an official listing.*
- 3.2 *Listings will be monitored periodically to ensure that all materials are properly accounted for and all appropriate information is included.*

4. RECYCLING

- 4.1 *We have invested in capital equipment to recycle cardboard for use when packing goods, We use partially recycled tape and re-use packing materials and boxes where possible to reduce the amount of new plastics used when packing goods for shipment.*

5. PROVIDING TRAINING

- 5.1 *Employees responsible for the proper maintenance of the Environmental Policy will receive the documentation and training to satisfactorily carry out those duties.*

6. GIVING BACK TO OUR PLANET

- 6.1 *DF Precision has and will fund the planting of one tree for every order we receive, no matter how small the value.*

*DF Precision will **also** plant 3000 square meters of woodland in the UK each year through the National Trust.*

SIGNED M J Duignan – Managing Director

DATED 30th April 2026
