## Dog of the Month

### London

London is a 2 year old female Great Dane who joined our family as a puppy. Her full name is actually London Fog as her coloring reminded us of those gray days. She has been coming to Hound Housing since she was old enough to start! London is a giant diva who is NOT a morning dog and would prefer to sleep in until 10 am daily- except on daycare days. She is a true Dane and doesn't see her size for what it is. Her favorite past times include leaning, sitting on you, destroying any toys with stuffing in them, and coming to Hound Housing. There, her reputation as a diva remains true as does her ability to sit on virtually anyone's lap who will let her. Foam parties are a particular love! We are so thankful for Hound Housing and for the ways they love London.
