Our daily goal is to enrich the lives of our residents by serving their needs in a caring, compassionate atmosphere.

WHO WE ARE

Christian Care Center of Medina, a 66-bed state-of-the-art skilled nursing and rehabilitation center, is located at 401 Highway 45E South in Medina, Tennessee. The facility is certified for traditional long-term care and intensive short-term rehabilitation and specialty care.

We gladly serve the citizens of Medina and surrounding areas with Christian based, compassionate healthcare.

LIVING TO THE FULLEST

Caring and commitment comes from the heart and results in our residents being treated with the dignity, courtesy and compassion that everyone deserves. Every day we strive to remember that no job is too "small" or "unimportant". After all, as we all know, the little things are the most important.

Attending to details and realizing that a person's need for compassion and dignity does not lessen with age or infirmity is the key to the level of compassionate care that we provide. Our residents become our friends and we try to ensure that each one lives to the fullest of his or her abilities.

CHARTING YOUR COURSE

Whether you or a loved one needs brief short-term rehabilitation or long-term care, it can be a difficult and emotional decision and often a stressful transition. We know our residents treasure their independence and want to be comfortable. We value those qualities as well. That's why we have trained professional staff to assist with the decision-making process, to ease the transition, and to devise a personal care plan for each resident, keeping more than physical needs in mind. We try to assure that residents' less tangible needs are met as well.

RICHER LIVES

A vital part of the Activities Staff responsibilities is to add richness to the quality of life for our residents. That's why activities include daily recreation and exercise, music, movies, socials and a choice of religious services.

Our Activities Staff also organizes group outings and entertainment such as bingo, bridge, and anniversaries. Holidays and special occasions offer an opportunity for every resident to attend a celebration.

Other special amenities include a complete beauty and barber shop and lounges where residents and families can enjoy private visits.

YOUR SURROUNDINGS

Our facility is carefully designed to provide easy access for all our residents, regardless of their physical conditions.

We also encourage residents to adorn their rooms with family photographs and keepsakes that give their surroundings a personal feeling. There is no place like home, but we strive to make our facility the next best thing for those who can longer remain at home.

FINDING THE ANSWER YOU NEED

It is our pleasure to have you and your family visit our facility and see our Staff at work. Because we want you to feel comfortable, your questions are always welcome. In addition, we invite you to enjoy a meal in our Dining Room.

We are here to provide the information you need to make the right decision.

COMMITMENT TO QUALITY

We strive to provide a safe, clean and caring environment. Our nursing units are staffed with professionals who endeavor to achieve this goal with a commitment to providing excellent healthcare and developing quality relationships with our residents.
