From the Prez

Robert Brewer

President

Hello all you lonely turners. It's time to get up off the couch and change out of those pajamas. You finally have a Woodturners meeting to attend. We are holding our next meeting on Wednesday, September 1st at 5:30 pm.

You may or may not know that the Fine Arts Center, which includes Bemis, was bought by Colorado Collage. Since the collage is more concerned with getting students back in class and paying tuition, Bemis is on the back burner. Currently they are not allowing groups of more than five to meet. That said we have secured a temporary meeting location.

We will be meeting at "The Mill - National Training Center". It's located south of the Springs Airport off of Bradley Road. The address is 4450 Foreign Trade Zone Blvd, Colorado Springs, CO 80925. The center conducts training for high school students for several districts throughout Colorado Springs. For more info go to their website: [HOME - The Mill \(themillco.org\)](http://themillco.org)

We plan to have our usual raffle so bring turnable wood donations and some spare cash to buy tickets. We will also conduct "Show & Tell". Everyone is encouraged to bring an item or two they have turned since our last meeting.

Mask are currently not required. However that is always subject to change. If you feel more comfortable masked up, by all means go ahead and wear one. No Kay, that doesn't include your Freddie Kruger Halloween mask.

Please feel free to share the newsletter and meeting info! Hope to see you at the meeting!

Robert

Demonstrators Wanted

Do you have skills or a type of turning you do often? Would you be willing to share your skills? The chapter is always looking for demonstrators.

Fundraising & Raffle

We're always looking for ways to support our Chapter. Have an idea for a fundraiser? Grab one of the Chapter Officers and bend their ear. If you have some "nice turnable" wood laying around, that you know you won't use, donate it to the raffle and get a free ticket.

Want to write an article for the newsletter or a tutorial? Email it to Vic for now. And oh! By the way we are looking for an Editor for the Newsletter.

Facebook Page

Did you know we have a Facebook page? If you didn't before you do now. Members post pictures of projects along with info on wood available for sale, trade or they just need it gone. When you have a chance, go check it out at <https://www.facebook.com/groups/191168840924000/>

Dennis did this demo at the October 3rd meeting in 2012
