## President's Corner

So, the February meeting was my first your new president of the club, and I must report that I was a little nervous! My acclimation to my new duties shall continue to improve!

Our fellow member Bill Smith did a demo for us on hollowing. We used one camera during the demo, and it helps very much. The demo was well received, and excellent discussion and input from attending members helped contribute to a very informative and interactive meeting. Good vibes and discussion ensued during a brief break.

In my excitement of discussing the show and tell I neglected to run the monthly raffle. You can count on it this month (March) and everyone after! PLEASE bring whatever wood (or?) to donate for raffle as it helps pad the coffers for demos.

There are many benefits and tons of info available to AAW members. Including access to all back issues of their magazine! I believe they also offer a trial membership. I highly recommend it!

We will be teaching a class or 3 this year for Bemis (which helps pay the rent) and info for potential teachers will be forthcoming.

Looking forward to our march meeting. Fellow member. Scott Longberry will be demoing for us! Also, please remember to check you membership status!

See ya there! Vinny Luciani
