

Permit Application Check List for

- Drilling
- Operating
- Modifying

The application for a permit shall be in writing and sworn to, and shall include the following:

- a) the name and mailing address of the applicant and the owner of the land on which the well will be located;
- b) if the applicant is other than the owner of the property, documentation establishing the applicable authority to construct and operate a well for the proposed use;
- c) the 911 address of the well site or a map showing the well location;
- d) a location map of all known existing wells within a quarter (1/4) mile radius of the proposed well or the existing well to be modified;
- e) a map from the county Appraisal District indicating the location of the proposed well or the existing well to be modified, the subject property, and adjacent owner's physical addresses and mailing addresses;
- f) a statement of the nature and purpose of the proposed use and the amount of water to be used for each purpose;
- g) a declaration that the applicant will comply with the District's Rules and all groundwater use permits and plans promulgated pursuant to the District's Rules;
- h) a water conservation plan or a declaration that the applicant will comply with the Management Plan;
- i) the location of each well and the estimated rate at which water will be withdrawn;
- j) a water well closure plan or a declaration that the applicant will comply with all District well plugging and capping guidelines.

NOTE:

Requests to drill a well with a daily maximum capacity of more than 2 million gallons and requests to drill, modify, increase production or production capacity of a Public Water Supply, Municipal, Commercial, Industrial, Agricultural or Irrigation well with an outside casing diameter greater than 6 5/8 inches require additional information as required by District Rules.

- k) Permit fees paid to District.
- Administratively Complete**
