

Empowerment, not charity
— AI for Everyone.

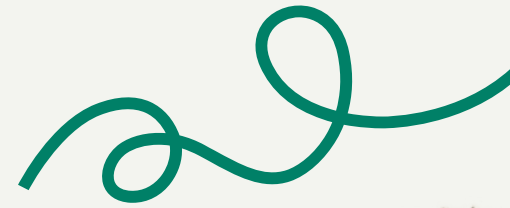

By Waka Social Foundation

Vision & Problem Statement

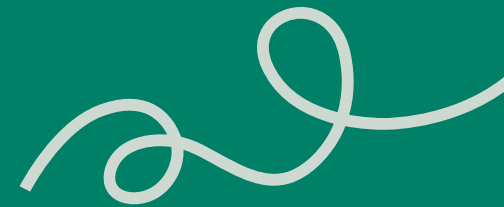

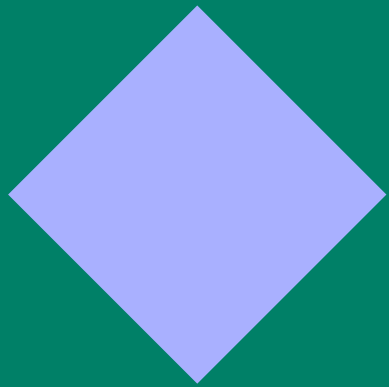

“Africa’s future depends on access to AI education”

Key Facts:

- 90M+ African children at risk of being left behind in tech-driven economies.
- Teacher-to-student ratio often 1:70+ in rural schools.
- Without intervention, digital divide = opportunity divide.

Our Solution: The Waka Social AI Empowerment Model

Bridging the gap with AI-powered empowerment:

- **AI Literacy & Education** – Bootcamps, workshops, AI tools.
- **Teacher Empowerment** – Training + subscriptions (WAKA SOCIAL AI).
- **Digital Access** – Tablets, internet, solar-powered setups.
- **Community Projects** – Local innovation & problem-solving challenges.

We believe in universal education and literacy for both children and teachers.

From vision to action

- Field visit stories (e.g; church school: Primary 1–6 in one classroom).
- Cohort programs already training students & teachers.
- Growing online community

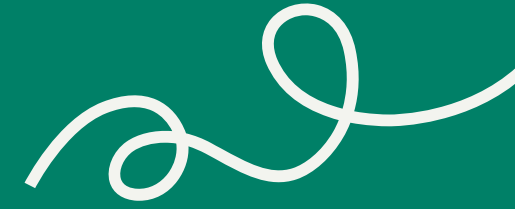

Funding Ask: Scaling the mission

- Soft Cap: \$750,000 (launch Phase 2 — training cohorts, tech access)
- Hard Cap: \$2,500,000 (full infrastructure: schools, labs, expansion across West Africa)

Impact per Dollar

Every dollar = measurable transformation.

- \$550 → Trains 1 teacher (tools + subscription + mentorship).
- \$200 → Provides AI literacy access to 1 student for 1 year.
- \$10,000 → Equips 1 rural school with devices, internet, training.

Partner Benefits

Be part of history

- **Visibility** – Logo on all campaigns, materials, social media.
- **Co-Creation** – Diamond & Platinum partners help shape programs.
- **Recognition** – Featured in reports, media, and events.
- **Legacy** – Direct connection to life-changing outcomes.
