EMPOWERMENT, NOT CHARITY

Mission Statement: Waka Social Foundation (WSF) is a U.S.-registered nonprofit (EIN: 39-4049312) empowering African youth and teachers through AI, Blockchain, and Digital Skills Education. We provide access, tools, and opportunities to help communities thrive in the digital age.

Waka Social Empowerment Program 2026: Our flagship initiative aims to empower 5,000 learners with 100% tuition support by 2026, train 1,000 teachers in AI and digital skills, and establish 10 AI Labs across underserved African schools.

IMPACT AT A GLANCE

\$500 = Sponsor one student for one year

\$1,000 = Train one teacher with AI tools

\$20,500 = Build and equip one AI Lab

KEY TALKING POINTS:

Africa's Future is Digital — Over 60% of Africa's population is under 25. Equipping youth with AI skills now will shape the continent's economic future.

Empowerment, Not Aid — Waka Social Foundation creates sustainable change through education, not dependency.

Global Collaboration — We partner with educators, institutions, and technologists to scale innovation responsibly.

Transparent & Impact-Driven — Registered nonprofit in the U.S., ensuring accountability and measurable results.

WAYS TO PARTNER:

Corporate Sponsorships — Fund AI Labs, teacher training, or scholarships.

Donations & Grants — Support directly via waka.social/partnership

Volunteering & Mentorship — Engage with learners, offer training or expertise.
