The bride is on the left, wearing a white lace wedding dress with a high slit and holding a bouquet of red, white, and purple flowers. The groom is on the right, wearing a blue suit and a red tie, holding the bride's hand and raising it in the air. They are both smiling. what to expect

CONNECTION: As a bride, you want to feel empowered and confident you are making decisions that feel right. Every piece of the puzzle in its place. Finding someone you connect with, trust and also love their work has to align. It's important you find a perfect fit so you can rely on your photographer to be supportive throughout the process. Ultimately allowing you to feel at ease and present with family and friends on your darn day!

MY STYLE: Easy going and fun is the approach yet I swiftly lead you through the process of taking portraits so you can carry on and party. My style is candid, natural and timeless with a creative eye that lends itself to genuine, fun and energetic images. I am able to anticipate and capture the moments that convey all of the special feelings. It is most important that every client is understood and satisfied. When the day is over, your memories will be enhanced through photographs of the two of you together, thus narrating the story of your love, which will leave lasting impressions on the heart.

WEDDING PLANNING: Having our approach thoroughly laid out in advance will ensure the wedding day is effortless and most enjoyable. Your focus is being in the moment and spending it with loved ones, so my goal is to spotlight those experiences and candid interactions.

engagement sessions

DETAILS & GETTING READY

LOCATION: The location will help to personalize your engagement photo session. It is important in terms of taking you back to the very beginning of your relationship, when you first kissed. It can be at a park or along the lakeside for sunset.

Choose a place that makes you both feel relaxed, so you can be focused on showing your emotions. Some enjoy the beach or waterfront. A scenic walk or a special place with a view. I can offer suggestions for locations based on your vision.

OUTFIT: Next we can consider what to wear. Take it easy and wear what makes you feel comfortable. Clothes that reflect yourself. A semi-formal look works well and you may choose a more casual style. You should be natural in the outfits you wear. A comfortable outfit makes you look and feel great in photos.

You can compliment each other by the look to tie everything together without being overly matchy-matchy. Matching outfits and patterned prints are not ideal for portrait sessions. When discussing the outfit, pay attention to complementary colors and solid prints.

Choose pastels, cool hues and neutral tones, avoiding anything neon. Focus on adding bright accents with accessories. Orange is the least photogenic color yet other colors work well. As the saying goes, less is more.

Please let me know if you would like assistance regarding attire or the engagement session in general. Engagement sessions are light hearted and fun. By being yourself we will see great results that are intimate and natural.

wedding day tips

SELF CARE | *Self care is paramount when it comes to your wedding day preparation. Having enough good food and staying hydrated should be a priority. Give yourself what you need to feel healthy and at peace.*

BRIDE'S ACCESSORIES | *Gathering all of the Bride's accessories before the day begins helps everything go smoothly. It allows you to be more present and it allows me to be focused on spontaneous moments. Items you might put together: ring, flowers, shoes, socks, cufflinks, pictures, gifts, cultural items, invitations and programs.*

BRIDE PREP | Bride and Bridesmaids getting ready

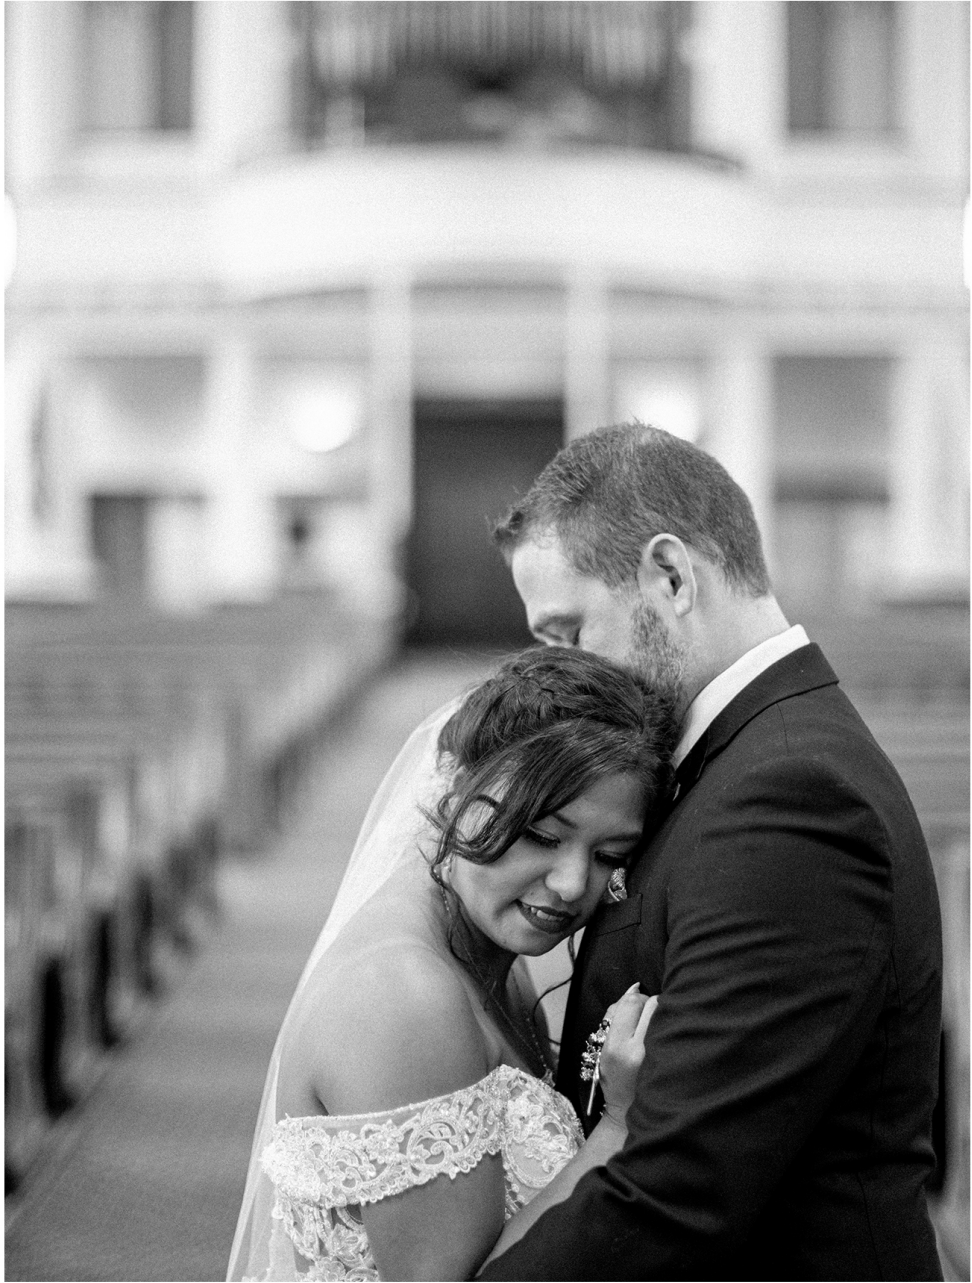

I will photograph the bride's morning looks, the bridesmaids and all of the details. We capture the dress, jewelry, flowers and accessories. Eat well and stay hydrated! Be kind to yourself. Remember to be present and enjoy the process.

GROOM PREP | Groomsmen getting ready

I focus on the finishing stages of the groomsmen getting ready. Take care of yourselves however that looks for you. I will transition between the bride and groom getting ready. These sessions result in some classy and often silly moments.

WEDDING DAY PORTRAITS | For family group photos, clarifying exact groupings in advance streamlines and eases pressure from an otherwise hectic portion of the day. Many couples like to get wedding party and some family portraits out of the way prior to the ceremony. For family, wedding party and newlywed portraits, estimate approximately 1.5 - 2 hours all together over the course of the day. A scenic outdoor setting is ideal. The best time for newlywed portraits is 1.5 hours before sunset.
