Balloon Brothers

Present:

“Highway to HECK!!!”

A balloon Haunted House.

It's the first in the Midwest a haunted house made of balloons, made for children and wheelchair accessible.

The haunted house is going to be in Oakview Mall It is designed with walkway walls and four major rooms, 1. the Spiders web room it will be under a 14 foot spider with a web to walk under and smaller spiders and assorted skeletons, 2. The Ghost room which will have balloon ghost suspended from the top of the room “floating” and in the walls as well, 3. the monster bash which will be a room with a Frankenstein, Dracula, and assorted skeletons in the room, 4 the unexpected Halloween monster design room.

The rooms will be connected to each other by balloon walls with assorted monsters made from balloons.

We are doing radio interviews and different local news shows promoting this and in every elementary school. The 8 weeks it will be operating, we are working with different non-profit organizations, whom will be taking the monies raised from admission.

The charge for entry is \$5.00. A single ticket for adults and children over 12, 12 and under free \$20.00 for a family up to six. 100% of this money goes to the non-profits. The way it works is every week a different non-profit will be collecting donations for their respective group.

There aren't any haunted houses for children, this one is, it will be the balloon spectacle of the season, and we would like you to be a sponsor.

“Highway to HECK!!!”
