

STAFF ENGINEER OPENING

Position Summary & Responsibilities

MLR Engineering is seeking a self-motivated, team orientated Civil Engineer to join our Team of Professionals!

This staff engineer will support design & construction duties on a variety of public and private infrastructure projects. This position will see a quality balance of office & field experiences providing an excellent base to build a career on. This position will serve as a designer in the office and an on-site representative, observing work in progress to verify conformance with plans and specifications, documenting daily inspection activities; and communicating field conditions, issues, and progress to the Project Manager.

PRIMARY LOCATION & START DATE: Freeland, Michigan – Fall 2027

BENEFITS:

MLR Engineering offers a comprehensive benefits package that includes, but is not limited to:

- Competitive Pay
- Team and family-oriented work environment
- Advancement opportunities
- Medical, dental and vision insurance coverage
- PTO (Paid time off) available
- 401K Plan with Employer match contribution
