### AREAS OF EXPERTISE

Policy-Program Development

City & Regional Planning

Project Development/Capital  
Funding

Coalition/Consensus Building

As the Senior Project Development Specialist at CT, Michael continues to assist municipal clients in developing projects. This includes project concept, funding schemes, and getting projects to completion. In addition, he covers state and federal policy issues for CT, keeping our clients informed of the latest public policy trends. He is recognized for his capital planning and funding expertise and has assisted numerous clients in securing funding at the local, state, and federal level.

Michael has used this unique skill set over the years in assisting clients with projects from concept to reality. He has implemented new community development initiatives from concept to completion. This includes the \$1.57 billion multi-agency program accelerating Commission programs by \$400 million, implementation of the Clean Ohio Conservation Program, and the \$1.875 billion 2014 Issue I initiative.

Due to his billion-dollar efforts in Ohio while working with the Ohio Public Works Commission, Michael received the highest civilian honor from The Governor of Ohio, being named an Ohio Commodore as well as from The Governor of the Commonwealth of Kentucky, the title of Kentucky Colonel.
