

Fabric Painting

With Nancy Hershberger, Artist

Scrubgrass Stitcher's Quilt Guild

5104 Emlenton-Clintonville Road

Emlenton, PA 16373 (814) 385 - 6567

Please join us May 2, or May 3, 2026, from 9 - 4, when Nancy returns to SSGQ to teach us how to create a sky using fabric paints. We will learn a basic

sky and a dramatic sky that can be used in a future landscape quilt project. All materials for this class will be provided by the instructor.

Students should bring an inexpensive, 1" paint brush and some artist's brushes.

Nancy Hershberger is a well-known fiber artist from Breezewood, Pennsylvania. She takes her inspiration from the natural beauty of nature. While her art quilts are mainly fabric, the use of inks and some paints help to create a more realistic translation of the image into fabric.

- Cost is \$100 for guild members or \$110 for non-guild members. **Class size is limited to 12 people per class so register quickly and send in your money to ensure your seat.**
 - Pop and bottled water are available for purchase all day long, but participants should provide their own lunch and snacks.

***Registration Deadline 3/1/2026 for guild members.**
