2023-2027 Local Bulletin #021

May 29, 2026

SHOP STEWARDS

Oshawa Local now accepting new stewards.

Hello Local 579

Given the state of the corporation and the increase in discipline across the board, the Oshawa Local is asking any members who would like to step up into the role of shop steward to kindly let us know.

As you are aware, shop stewards play a vital role in the Union. They are there when members find themselves in the cross-hairs of management for whatever reason.

They are a source of information and are vital when one is attending an interview which may result in discipline.

Solidarity and Dedication

Their role is to ensure that YOUR rights are being respected and to ensure compliance with both the Urban and RSMC collective agreements.

The local cannot function properly without boots on the ground.

Full training will be provided to anyone wishing to step up and step forward to represent their co-workers, their local, and the Union as a whole.

The only requirements are that you adhere to the CUPW code-of conduct, the CUPW constitution, are able to hold confidentiality , and that you actually care.

I look forward to all who answer the call.

John Lawrence

President, Oshawa Local
