June 22, 2026

**NOTICE OF MOTION – A Motion for Social Committee
Loan.**

Please be advised that the following motion will be brought to the floor at the general membership meeting to be held on June 25, 2026.

MOTION 2026.03

Please note that a motion to allow a loan to the social committee to purchase a vending machine for the new Port Perry/Uxbridge facility in Port Perry (both units will be Oshawa Local members) is being tabled at this month's general membership

The monies will be used by the social committee and ALL proceeds from the machine will be put back into the local. This is the same mechanism that was used to purchase the Durham East machines back in 2017. Payback will take about 4 years given the size of the station. The DEDD machines were paid off in 2 years.

Whereas the Oshawa Local owns, operates, and receives the proceeds from the vending machines in the Durham East depot, and

Whereas the vending machines are often used by the members, and

Whereas the proceeds go to funding social events like the Local BBQ in 2022,

Therefore the local will loan the social committee up to \$6000 to purchase and install a vending machine in the new Port Perry depot in September 2026 with the caveat that all monies loaned will be recouped from the social committee by way of the proceeds of the sales from said machines.

In Solidarity,
Oshawa Local Executive
