

1.
Using some chalk, write the numbers 0 to 20.

2.
Count the number of items in a cupboard or a shopping bag.

3.
Discuss and practise the days of the week, can you name them all? Can you do the months of the year too?

4.
Make some number cards from 0 to 20. Sort them into two piles - ODD EVEN

5.
Count how many legs there are altogether in your family. Now count how many arms there are and add them together.

6.
Play the 'Number Bonds' game. Choose the number bond you want to play with. With a partner, one person shouts a number, the other person has to shout the number that you add to it.
E.g. Number bond 10 ~ 4 and 6 or 3 and 7 etc
