19th March 2021

From Mrs Speed's desk.

Well, we have made a really good return to full opening, with attendance really high in all year groups.

The children are happy and settled and it is lovely to have a school full of laughter and chatter once again.

And then, just when we were hopeful of getting to the end of term in one piece we have had to close a bubble in Year 4. It is a timely reminder that this virus hasn't gone away and that we still need to follow the guidelines given to us by Public Health.

Thank you for doing just that on the school site ... it really does help.

In one of my many conversations with Public Health Sefton, they have advised parents to book a PCR test if your child shows symptoms, as the lateral flow tests are not 100% accurate and rather than exposing our young children to too many swab tests – the PCR is the one we should go for. I think that is good advice.

Can I also ask you to be courteous when parking. My inbox is already clogged with complaints and pictures of offending cars who have parked on the pavement at Endbutt Lane or over peoples drives. So please think before you park and as the weather improves maybe consider park and walk.

Have a lovely weekend everyone.

CAFOD Walk for Water

We are asking the children to wear PE kits on Monday 29th March as we will walk around the site in order to think of others around the world. Please can children bring in a donation on that day.

The family of Great Crosby hope to raise money for an entire community. **£750** could bring water to an entire community.

Covid Email

If your child or household member is having a Covid test please email an alert email covidalert@gcp.org.uk and again when you have received your results even if they are negative.
