

Hi,

I hope you are well.

I'm the Growth and Development Officer for Merseyside Scouts and am contacting you because Crosby Scout District would like to invite young people aged between 6 and 18 to become part of Scouting in Crosby. At Scouts young people learn valuable skills for life that help them in school, college, job interviews and in tricky challenges they may come across.

I have attached a poster and wondered if you would send it out to parents/carers of your young people so they know about the opportunities. My contact details are on there for people to get in touch.

If you need anything else let me know.

Thanks

Jo
