

Year 1

Maths Homework Mat

Autumn first half term

1.
Using some chalk, write the numbers 1 to 10.

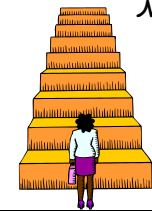

2.

Roll a dice and see what number you get. Now find that many toys and play a game with them.

3.

Each time you go up the stairs, count forwards from 0 to 10, when you go down the stairs count down from 10 to 0! Next time try it with numbers to 20.

4.
Make some number cards from 0 to 20. Shuffle them and see if you can put them in the right order.

5.

Count how many people are in your family. Then find 1 more and 1 less than that number.

6.

Play Guess My Number! You think of a number and give your friend clues so that they can guess your number. You could say it is 1 more than / 1 less than another number.

Sheet for recording Maths

1.	2.	3.
4.	5.	6.
