

Year 2

Homework Mat Maths

Autumn 2020 first half term

1.
Using scales weigh and compare different amounts with the vocabulary; more than, less than and equal to.

2.
Using a clock, can you identify o'clock and half past times.

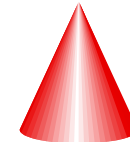

3.
Read different scales in divisions of ones, twos, fives and tens on objects around the house for example a measuring jug and scales.

4.
Using different coins, can they make the same amount? For example, how many different coins can you use to make 10p?

5.
If 20 is the answer, what is the question? Can you think of 10 different calculations?

6.
How many different 2D and 3D shapes can you identify around your house? Can you draw and label them?

Sheet for recording Maths

1.	2.	3.
4.	5.	6.
