

Year 2

Homework Mat Maths

Autumn 2020 second half term

1.
Roll 2 dice to make a 2 digit number. Can you partition the number into tens and ones? Can you draw it using the part whole model? Can you add and take away 1? Can you add and take away 10?

2.
When is it o'clock, half past, quarter to and quarter past the hour?
What time would it be an hour before or after this time?

3.
Play a game of hangman using number words that include the teen and tens numbers (e.g. sixteen, eighty etc)

4.
Missing number patterns. Ask an adult to count up in 2's, 5's or 10's. Miss a number out of the sequence. Can your child tell you the missing number?

5.
Look out for numbers in your everyday environment e.g. on the bus, house numbers etc. Are the numbers odd/even? Can they be divided by 2, 3, 5 or 10? Can you explain how you know?

6.
Build a 3D shape model from junk. How many edges, vertices and faces does each shape have? How many different shapes are there?

Sheet for recording Maths
