

The Radiator

OFFICIAL PUBLICATION OF THE CORVALLIS HISTORIC AUTO CLUB

President's Note:

Thanks to all the club members who made our annual event another success. Numbers are still coming in and a few checks are being written. We have a budget for next year. We have money in the bank. We have a Board of Directors ready to act in the best interests of the club. We have a pretty large roster of paid members.

What we don't have is excitement.

I am passionate about this club. I make every attempt to bring new ideas to the table. I get discouraged at my return on investment. Only you can change this. As many of you know, I 'transplanted' here from the other coast. I have heard from many club members that my efforts have gone above and beyond any before me. Those comments keep me going. Your level of enthusiasm needs to increase - not necessarily to my level - but it needs some stimulus, some vitamins. I'm thinking vitamin D as in sunshine.

We have the whole summer to enjoy our cars and trucks. Let us plan somethings. I reminded you earlier that I am relatively new to the area. There are others too, in this club that have not been to the Pig and Ford Races (for example) or the Jordan Chicken Run. Let me suggest that we add a seasoned member of this club to the position of

CRUISE DIRECTOR. Are there any takers? Are there any suggestions of activities from the floor?

I am working on a questionnaire to help guide us into the desires of the members. It has always been you and what you want. In the meantime, please reach out and suggest some events. Open your garage to a visit. Make an effort to improve our club and its functions. Write your story about your first car.

I am in the process of setting up a Father's Day Weekend exhibit of six vehicles at Stoneybrook Lodge. Our showing will be on Friday, the 16th at 3:00pm. I have learned that the residents eat their dinner early and we will display prior to the meal. We will be in the courtyard this time rather than in the parking lot as we were at our last visit. It would be great to have six different types of vehicles represented to attract the various ages of the clientele.

Until we meet on Monday, the 22nd for our general club get-together, please join me in a little game I would like you to play with me. See page 2.

Happy sunshine!

Trivia Question:

There is a radiator shown on the front page of this issue: Name the car the radiator belongs to.

(Answer on Page 8)

For Sale Ads:

I am selling the black 2003 Jaguar XJ8 that I brought to several of the Cars & Coffees last year. It has 65,000 miles & the price is \$7500. I am selling it because I rarely drive it & now I lost storage for one of my other cars that I need to bring home.

Answer: The Nautilus car from "The League Of Extraordinary Gentleman".

An impressive showcase of art on 6 wheels. The original movie car was put up for sale in the UK. So, chances are high for it to come up for sale again. Fun Fact: Weirdly, there was also a replica of the Nautilus car built by Ken Freeman from North Carolina based on two Cadillac limos that sold for more than the original.
