<b>Anti-Racism</b>	Anti-racism is more than just being " <i>not racist</i> ", it means that you positively oppose racism through your beliefs and actions. This is similar to <b>Activists</b> .

<b>Black Lives Matter</b>	Black Lives Matter is an anthem, a slogan, a hashtag and a statement of fact. It means Black lives should matter <i>as much as</i> white lives.

<b>Equality</b>	Equality, is where everyone gets the same chances to enjoy a successful, healthy and full life. People and organisations that work towards equality, promote fairness and justice. However equality is not about treating everyone the same. For example, it would be unfair, if a physically disabled athlete had to run the 100m sprint against Usain Bolt. To achieve equality sometimes we need to treat people differently to create a ' <i>level playing field</i> ' so everyone can participate on equal terms with everyone else.
<b>Racism</b>	Racism is the belief that people of different races have a different value in society and using power and influence against people of a race that you believe are worth less than yourself.
