

ORGAN RESTORATION UPDATE – On Monday July 24th the Casavant workers returned to Zion to continue the cleaning and repair of our organ. The pipes that were removed and cleaned at Zion have now been returned to their place in the organ. The positiv is back and the stops for the pedals have now been releathered. We continue to wait for the return of the pipes and organ components that were shipped to the workshop in St. Hyacinthe, Quebec for cleaning and repair. The Casavant workers will not be working on site this week – the week of July 31st. Due to the restoration work the balcony will remain closed until further notice to protect the pipes and other materials related to the repair. Only the projectionist and the sexton will be allowed in the balcony.
