## The Quick Story Behind BIER

Bier Brewery and Taproom has been family-owned and operated since 2010. Darren Connor had the passion for brewing, and his dad, Jerry Connor, believed in him. The Connors started with a 55-gallon brewing set up. This “little more than a glorified homebrew system” quickly changed to an 80-gallon, and then an 8-barrel system. Bier quickly received a reputation for having high quality and consistent beers around town. And so, after five years of knocking out over 100 different styles and 1602 batches on their 8-barrel system, demand told them it was time to expand. In 2015, Bier Brewery expanded to a 20-barrel system, and started canning their beers. Fast forward to 2018, and almost 100 awards later, Bier Brewery expanded again, adding another taproom in Carmel, Indiana. The Connors, including brother/son Ryan Connor, and sister/daughter Leah Keene, are partners in Bier Brewery North.
