

The Honorable Ronny Jackson
2525 Kell Blvd. Suite 406
Wichita Falls, TX 76308

Dear US Representative Jackson:

As a constituent and one of the 295,000 members of the National Association of Letter Carriers, I urge you to support the Federal Retirement Fairness Act (H.R. 1522), a bill that would modify what is considered creditable federal civilian service under the Federal Employees Retirement System (FERS).

Currently, 65 percent of active city letter carriers have spent time in non-career positions. Under current law, any time spent in these positions is not creditable towards our retirement. Even though it is the exact same hours and work we put in, 132,000 letter carriers have time that doesn't count toward their retirement and would benefit from this bill.

As federal employees, we have devoted our working lives to serving our communities, and we deserve the opportunity to buy back the time spent in these non-career positions. This change would provide greater retirement security for letter carriers and all affected federal employees.

On behalf of letter carriers and all federal employees, I ask that you please co-sponsor H.R. 1522.

Sincerely, _____ Dated: _____
