

The Honorable Ronny Jackson
2525 Kell Blvd Ste. 406
Wichita Falls, TX 76308

Dear US Representative Jackson,

As a constituent I urge you to support the USPS Shipping Equity Act (H.R. 3011).

Current law prohibits the Postal Service from shipping alcoholic goods, making private shippers such as FedEx and UPS the only option for wineries, breweries and other producers to have goods delivered directly to customers. This bill would allow USPS to ship these beverages and generate an estimated \$190 million annually in new revenue for the Postal Service.

Unlike private shippers, USPS delivers to every address in the nation. The current ban on alcoholic shipments from the Postal Service limits access to these products for many Americans, especially in rural areas.

This legislation would generate revenue for the Postal Service while supporting small businesses and our customers' growing needs. Please show your support by co-sponsoring H.R. 3011.
