AIN'T NO USE

(Tommy Ray, B. Crace)

No use at all No use at all
What's wrong cannot be right
What's once cannot be twice
What's sugar cannot be spice
And my backs up against the wall
We lay close but feel so far
Because in my heart, I'm at the bar
Or better yet I'm in a car
And I'm fading into the night
Because there ain't no use in trying
And what we had is already gone
And I know that you've been lying
And I know what's really going on
I live fast but move so slow
You say yes but I say no
You want to stay but I got to go
Start fixing my failing life
Something true cannot be trite
I've been this way for a long long time
I couldn't change even if I tried
Because it's too late to save me now
You know there ain't no use in trying
And what we had is already gone
And I know that you've been lying
And I know what's really going on
I know what's really going on
I know what's really going on yeah yeah
You know there ain't no use in trying
And what we had is already gone
And I know that you've been lying
And I know what's really going on
I know what's really going on.. I know what's really going on
I know what's really going on I know what's really going on yeah I do.

LIFE GOES ON

(Tommy Ray, J. Nelsen)

Ay ay ay ay Life Goes On
Ay ay ay ay Life Goes On
I know this girl her name is Suzy
She'll hold you but loosely for
an hour or so And then she
has to go now
Another John to blow now
So we say good night
Ay ay ay ay Life Goes On
Ay ay ay ay Life Goes On
When I first came to the city
I met this kid named Jimmy we
hung out for a while He met this
girl named Terry
Had two kids got married
Now he's trapped for life
Ay ay ay ay Life Goes On
Ay ay ay ay Life Goes On
When I first came to the city
I met a kid named Jimmy
He didn't have much money
But man that kids was funny
When I first came to the city
When I first came to the city
Ay ay ay ay Life Goes On
Ay ay ay ay Life Goes On

GOOD LUV - GONE SOUTH

(Tommy Ray)

**I've been, stuck here for too long
Hoping for something to happen waiting for something to happen
I'll admit, it's much harder on my own
Just trying to do the things we used to
Breaks my heart and makes it hard to sleep
Left there to think**

**Because you, you say that you're better What makes you so much better
Were both out here in this weather
And you, say you know what loves about But our love is over now
Yea our love has gone south**

**I ain't sure, where to even start
It's too late to fix the pieces they all moved to different places
I'll admit, the drugs pushed us apart but you can't blame it all me
You've done things I can't believe were true
Yea you**

**Because you, you say that you're better What makes you so much better
Were both out here in this weather
And you, say you know what loves about But our love is over now
Yeah our love has gone south**

**La la la la la
You, you say that you're better What makes you so much better
Were both out here in this weather
And you, say you know what loves about But our love is over now
Yeah our love has gone south'**

**You you say that your better
You you say that you're fine**

HEY SUSANNE

(Tommy Ray)

I saw this girl that I knew Last Summer
Right off the bed and then she
blew me right away She had to
move and it surely was a bummer

Then like the seasons and left me in a haze
Susanne, I swear we'll meet again somehow
Until then I'll be fucked up, drugged up,
and out of control Screaming your
name at a sold-out show

I said "Hey Suzanne"
I said "Hey Suzanne"

I was out on tour playing shows around the country
Thirty dates in thirty nights it was great
Until I heard this voice in the distance
I wasn't sure till I heard her say her name

Suzanne you don't look the same at all
And I swear you look drugged up fucked up and out of control
You're a crazy cat lady and a real-ass hoe

I said "Hey Suzanne!"
I said "Hey Suzanne!"

Yeah nothing lasts forever and nothing
stays the same All we have to
remember is tonight let's go out of
control Come on everybody let's rock
and roll

Yeah nothing lasts forever and
nothing stays the same All I have to
remember is Suzanne

COMING BACK

(Tommy Ray)

It's too long since I've seen your face
I miss your touch, you know I miss your taste
So many days was waiting just for now I'm almost home
I'm coming back, coming back home to you
I'm coming back, coming back home to you
I'm coming back, coming back home to you
yea yea yea yea yea yea

Well I can hear the chatter from the street
They wanna talk about every man you meet
I really don't wanna talk about it now I just got home

I'm coming back, coming back home to you
I'm coming back, coming back home to you
I'm coming back, coming back home to you
Yea yea yea yea yea

Let's have one more night of peace
Before we start screaming in the streets
There ain't much that can stop us now were on our own

I'm coming back, coming back home to you
I'm coming back, coming back home to you
I'm coming back, coming back home to you
yea yea

**No one can but you hear the voices
No one but you can you hear the laughter in the night

**The doctor calls me schizophrenic
He gives me Xanax for the panic

Nobody else can hear the screams**

TUESDAY'S GIRL

(Tommy Ray)

Well it came to me in a dream last night with your oh so special ways
And this love we have together girl will never fade away
When I saw you in the coffee shop with hair as red as wine
Oh I knew I had it coming girl and it was just a matter of time

Because pretty girls are trouble and they'll
always bring you down Well I'm searching for
the perfect girl and she's nowhere to be found
Will I wake up in the morning with the sun all in
my face
No I I call a cab for Tuesday's girl and send her on her way
Oh-0o-oh oh-oo-oh-o

Well my perfect girl is kind of tall, you know she always
makes me smile You know she holds me up and brings
me down and then she loves me for a while Tuesday's
girl is always drunk and she's getting on my nerves She
lies and cheats and talks too much but damn I love them
curves

Because pretty girls are trouble and they'll
always bring you down Well I'm searching for
the perfect girl and she's nowhere to be found
Will I wake up in the morning with the sun all in
my face
No I I call a cab for Tuesday's girl and send her on her way
Oh-0o-oh oh-oo-oh-o

\

Because pretty girls are trouble and they'll
always bring you down Well I'm searching for
the perfect girl and she's nowhere to be found
Because pretty girls are trouble and they'll
always bring you down Well I'm searching for
the perfect girl and she's nowhere to be found

TAKE A CHANCE

(Tommy Ray, B. Crace)

You're pretty little girl from the other side of town
Take a chance on me babe
You make my heart skip a beat every time you come around
And make it hard to breathe babe
You know you're driving me crazy with the way you look at me yeah
The way you look at me babe
I hope you know I want you and I hope that you can see now
You can see my love babe

You know that I want you don't care what they say girl
You know that I want you you'll be back someday girl
You know that I want you right where you belong

Time has come and it's time for you to choose
Is it him or me girl
Ain't going to play your game because I ain't no body's fool
Don't play around with me girl
You know I'm tired of waiting I think it's time you make your move ya
better make it quick babe
Because I really only want you when you're sucking on my dick ya
you can see my love grow

You know that I want you don't care what they say girl
You know that I want you you'll be back someday girl
You know that I want you right where you belong
You know that I want you where you belong

TROUBLE

(Tommy Ray)

I remember back in the fifth grade
Never been drunk ain't gotten laid
Always did exactly what was told
Mama said "Son wait till you get old"

Everything was cool everything was fine
Until that night I tried white wine
Burned a joint that we stole from Pops
Had to hide in the bushes from the cops

They say "rules must not be broken"
I say "man you must be joking"
I hope they never find out what I've done

Woe-oh-oh oh-oh – Woe-oh-oh we're
in trouble now
Woe-oh-oh oh-oh –Woe-oh-oh oh
we're in trouble now

A life of crime has left its wares
On a guy like me it rips and tears
In a cell they make you pay with time
While they sit and watch you lose your mind

And when you hear that gavel drop
Do you go free or do you rot
You stuck playing cards with fate
All over a drunken mistake

I'm sorry I didn't Know I could do that
I'm sorry I didn't Know I could do that
Woe-oh-oh oh-oh – Woe-oh-oh we're in trouble now
Woe-oh-oh oh-oh –Woe-oh-oh oh we're in trouble now
Woe-oh-oh oh-oh – Woe-oh-oh we're in trouble now
Woe-oh-oh oh-oh –Woe-oh-oh oh we're in trouble now

NO BETTER

(Tommy Ray, J. Nelsen)

I give you a kiss you give me a smile
You know the whole world stops just for a while
And girl you got them moves I can't resist
I give you my heart you give me your hand
I feel like I'm the luckiest man
To have a girl like you right by my side

And now it don't get no better than this no It don't get no better than this
No it don't get no better than this I'm sure And no it don't get no better than this
no It don't get no better than this No it don't get no better than this I'm sure
Oh ya I'm sure

Your door is locked your lights are off we're all alone
The things that you said when we were in bed they turn me on
Sharing confessions of all our obsessions we told each other one by one
About all of the first-times and all the last-times and all the some-times

And now it don't get no better than this no It don't get no better than this
No it don't get no better than this I'm sure
And no it don't get no better than this no It don't get no better than this No it
don't get no better than this I'm sure
Oh yeah I'm sure

You say you will I Say "I do" now there's one were once stood two
So take my ring let's seal it with a kiss
As years go by for you and I, I can still see that look in your eyes
You still got those moves I can't resist

And now it don't get no better than this no It don't get no better than this No it
don't get no better than this I'm sure
And no it don't get no better than this no It don't get no better than this No it
don't get no better than this I'm sure
Oh yeah I'm sure
Well I'm sure oh yeah I'm sure

BORED & YOUNG (Tommy Ray)

**Bored and young and I'm out on the streets looking for some fun
I saw you baby looking at me and I think you want to come**

**Down near the tracks with a little bit of smack yeah or behind the school
Running just as fast just as fast as we can yeah
Breaking all the rules oh yeah where living fast**

**My mom says I'm a mess but I don't even care
My dad can't understand anything that I say I say "get out of my hair"**

**Down near the tracks with a little bit of smack yeah or behind the school
Running just as fast just as fast as we can yeah
Breaking all the rules oh yeah where living fast**

(repeat chorus x 3)
