Down In The City

(R. Nelsen, B. Crace)

I've got a feeling coming near me and you can't even hear me Got
a one track mind, can't think clearly
I'm always walking around with my head in a whirl
I'm always walking around with pretty girls

And you, You ain't gonna see my face again
You ain't gonna hear me cry in vain
And my heart won't be destroyed by you
And I'll never ever fall in love again

I'm down in the city and I'm feeling so pretty
I'm a loveless fool no one will be with me
I'm always at the bar with my heart in a glass
Nothing good ever seems to last oh no
You ain't gonna see my face again
You ain't gonna hear me cry in vain
And my heart wont be destroyed by you
And I'll never ever fall in love again

Oh no
No I'll never ever fall in love again
Oh no
No I'll never ever fall in love
No I'll never ever fall in love
No I'll never ever fall in love
No I'll never ever fall in love again

Modern Cinderella

(R. Nelsen)

I'm an inner city fella you're a modern Cinderella
And I've been having wet dreams over you
I've seen the way that you twist and your red lipstick
And I just don't know what to do

Please girl please, stay with me tonight's for lovers like us
And you don't seem to love like me so I'm heading home on the bus
Oh no I'm heading home on the bus
I've been having these dreams and plotting these schemes
Over how I'm getting back to you
I've been laying in my bed with you in my head
And now my hand is sore for an hour or two

Please girl please, stay with me
Tonight's for lovers like us
And you don't seem to love like me
So I'm heading home on the bus
Oh no I'm heading home on the bus

I'm heading home on the bus
Yeah, I'm heading home on the bus

Please girl please, stay with me
Tonight's for lovers like us
But you don't seem to love like me
So I'm heading home on the bus
Oh no I'm heading home on the bus
Oh no I'm heading home on the bus
Oh no I'm heading home
I'm heading home on the bus

Waiting Around

(R. Nelsen, J. Nelsen)

I won't be waiting around I won't be waiting around

Saw your picture baby looking through my photographs
Told me that you loved me and that it was made to last But
you don't love me now you don't want me around You'll soon
find out what despair is all about

And I won't be waiting around for when you come coming around

You've been gone some time now and I'm getting over you I'm
just looking for a little lust In a port in the storm or two But
you don't love me now you don't want me around You'll soon
find out what despair is all about

And I won't be waiting around for when you come coming around

But you don't love me now you don't want me around
You'll soon find out what despair is all about

And I won't be waiting around for when you come coming around

Sleeping Alone

(B. Crace)

Hey baby, well I'm so excited summer's finally come And
all night and day we will be having fun
But lately you've been slowly moving right away from me You
know now I see how lonely love can be
Well, looks like tonight I'm sleeping alone
And it's all because you didn't answer the phone It's
hard to sleep with dreams of you in my head You
know it's cold on the other side of my bed

Hey lady you know I hope you're happy right by your new man I
couldn't see at first but now I understand
It's crazy that just yesterday you were right by my side You
know it tore me up when I found out you lied

Yeah, looks like tonight I'm sleeping alone
And it's all because you wouldn't answer the phone And
I can't sleep with you runnin' round in my head You
know it's cold on the other side of my bed

Babe, looks like tonight I'm sleeping alone
but I don't really care you didn't answer the phone
There's no sleep for me when I'm getting some head it's
still cold on the other side of my bed

Yeah, looks like tonight I'm sleeping alone a
And it's all because you wouldn't answer the phone And
I can't sleep with you runnin' round in my head Well you
know it's cold on the other side of my bed

Forget It

(D. Berkham)

Don't think that those games will work on me now It's
happened so many times I know every step how
Convincing words let me demonstrate
While you lead me and then you take away my heart

Don't come running, crying back to me girl
You had your bricks and you dropped them all on me girl
Wasting time always on my mind cause you kissed me and
then you took away my heart
What was the point in everything you said?
Why can't I get you out of my head?

You stole my heart
Forget about it girl

I Think I'm in Love

(R. Nelsen)

I start losing my breath when I get too close to you
Got me tripping on words and I don't know what to do
But I think I'm gonna take the chance
And ask you out to Fridays dance

Ooh baby I think I'm in love with you
Goin ooh baby I think I'm in love with you

Took my question and answered yes
We danced all night and got no rest
Then we went back to my place yes
Where we sang a different song

Ooh baby I think I'm in love with you
Goin ooh baby I think I'm in love with you

The next morning I woke up late
Tried to take you out on another date
But You'd already gone away
And you were with another man

Ooh baby don't think I'm in love with you
Goin ooh baby don't think I'm in love with you

I Wanna Know

(R. Nelsen)

When I saw you by the corner store down on 8th and Main street I
saw you lookin' at me girl saw you lookin' at me And I know that
there ain't no time for all these lies now I'm gonna tell the truth girl
I'm gonna tell the truth

I wanna know know know I wanna know what you're doin'
Know know know what you're doin' tonight
I wanna wanna wanna wanna hold you baby
I wanna wanna wanna wanna hold you tight
When I saw you with your new boyfriend it made me cringe yeah I
wanna smash in his face girl I wanna smash in his face
But I know if I did that again you'll never come back now
And I want you by my side I want you by mine

I wanna know know know I wanna know what you're doin'
Know know know what you're doin' tonight
I wanna wanna wanna wanna hold you baby
I wanna wanna wanna wanna hold you tight

Be True

(R. Nelsen, B. Crace, J. Nelsen)

Well I've been waiting for my whole life
And I need to find a girl like you
Now that I've got you I ain't letting go of you
I've been drinking for a couple nights
And I still can't get over you
Told me that you love me but you think that I've been being untrue

So please be true be true
Please be true to me now
And don't stray away oh no no no

Every time I hear your name it brings me back to the day
That we held each other on the sands of Rockaway
Now I'm sitting here with sand in my ass
And a puppy dog tear in my eye
Told me that you love me but all you do is make me cry

So please be true be true
Please be true to me now
And don't stray away oh no no no

Wouldn't last

(R. Nelsen, B. Crace)

Watching movies and reading the paper but I can't get you out of my mind
Counting seconds on the clock like a jailbird doing time

They're never gonna take never gonna take
Never gonna take take you away from me

Walking down the streets of Portland under the sky's of grey I'm
looking over the water front hearing my lover say
They're never gonna take never gonna take
Never gonna take take you away from me

Take you away From me girl oh no

Fall is gone and you left with it I knew that it wouldn't last It
was fun and it was great but now it's all in the past

They're never gonna take never gonna take
Never gonna take take you away
Never gonna take never gonna take
Never take you away from me

Alone In the dark

(R. Nelsen)

Nights grew longer and the days got shorter as we walked down the way
Holding hands and skipping stones, never thought it would end this way

But you packed your bags and your moving away
You left me stranded Begging, you wouldn't stay
You wont come back no no no way
And baby I'm alone in the dark

I'm alone alone in the dark
I'm alone alone in the dark
I'm alone alone in the dark with no one

Since you left things got better there's new girls coming around
Singing songs and getting drunk Running around the town

And then I saw you right across the street
I smirked, you waved back at me
You're so sad I'm so happy and baby

Now your alone in the dark

You're alone alone in the dark
You're alone alone in the dark
You're alone alone in the dark with no one

You packed your bags and you're moving away
You left me stranded begging, you wouldn't stay
You wont come back no no no way
And baby now you're alone in the dark
You're alone alone in the dark
You're alone alone in the dark
You're alone alone in the dark with no one

You're alone alone in the dark
You're alone alone in the dark
You're alone alone in the dark with no one And
it's no fun

Girl

(J. Nelsen)

Girl, I wanna know your name
And do you feel the same way that I do
When I see your face when I see your face

And girl, I wanna hold your hand
I wanna make a stand with you right now
When I see your face your pretty little face

And we've got something here and now I don't
know what it is, I don't know how We are ever
gonna make it through the night

And girl, I wanna know your name
And do you feel the same way that I do
When I see your face when I see your face

And girl, I wanna hold your hand
I wanna make a stand with you right now
When I see your face your pretty little face

And we've got something here and now I don't
know what it is, I don't know how We are ever
gonna make it through the night Girl

Such A Bore

(R. Nelsen)

Well the days are cold and everything's the same
Nothing new to do and nothing new to sing oh yeah

And baby I'm getting sick
Sick of teenage boredom
There's nothing anymore
You're such a bore

Well I'm so tired of being here alone
Boredom's taking over and I'm sitting by my telephone oh yeah

And baby I'm getting sick
Sick of teenage boredom
There's nothing anymore
You're such a bore

Such a bore now
You're such a bore
You're such a bore now

Don't want you coming around here anymore
Cause you're such a bore

And baby I'm getting sick
Sick of teenage boredom
There's nothing anymore
You're such a bore
