TO WHOM IT MAY CONCERN:

I have been acquainted with LOU VOLPANO since 1973. Over the years I have seen him demonstrate great organizational skills and creative production values as a venue manager, publicist, talent buyer and sponsorship coordinator.

He is a welcome addition to the Los Angeles area, for through his work on top quality entertainment projects ... from "THE BLURS BROTHERS" to CHICAGOPEST (the world's largest music festival) ... he's earned a great reputation.

He will be a significant asset to any company who chooses to utilize his wealth of experience and solid contacts.

If you have any further questions, please do not hesitate to contact me.

Thank you.

Sincerely,

DICK CLARK
