SOCIAL BREAKDOWN

Men, women, husbands and wives are meeting new challenges everyday in the new economic climate that is tearing people and families apart. Social structure is being corroded away, prices of items – necessary ones - are continuing to rise, yet wages stay the same – the basics necessary such as food, water, heating and travel. People are crying out in desperation for help and yet the leaders just seem to fold their arms, tap their fingers on the desk and scratch their heads blaming the ‘parental guidance’ of the family or lack of it; yet it is the governments of this world that have promoted free sex & drugs ‘education’ in our schools exposing our children to a different type of liberalism and danger never before experienced in our Grand-parent’s lifetime.

Drugs and alcohol amongst other things have become the gods of today and are much more accessible and money - lack of it or excess of it has created the perfect conditions for greed and all that it possesses to be nurtured and to grow. Never before have people needed prayer more, with evictions due to non-payment of mortgage/rent, a chronic inner city mentality of hopelessness has been created and we as believers must reach out to those in need in a practical manner and also take the only action that has been available to us since God spoke with man – pray!

FINANCIAL FREEDOM

There are biblical principals within the Word of God that are a key to financial freedom, whereby the enemy can no longer take your funds – pay your tithe, pay off your debts and create good stewardship of the money you do have. If you follow God's principals and don't rob him...Malachi 3:10

'...Test me in this,' says the LORD Almighty, "and see if I will not throw open the floodgates of heaven and pour out so much blessing that there will not be room enough to store'

God has through His precious Word set down the values already for humankind through the 10 Commandments; our country's laws are based on these axioms. This needs to be re-introduced to the schools and teach our children that the first thing to do is to honor God and then respect your neighbour. It is as easy as that!

FOCUS ON JESUS

The Word applied we can all live in an integrated community, building each other up instead of destroying one another and ourselves. Our governments have 'destroyed God' and the idea of God in our schools. Jesus is not allowed to be spoken in case of causing offense and yet the very values that Jesus spoke about were of peace, love and living and honouring God and each other...we all have a testimony – what will yours be? We have a duty to allow our fellow man have access to God – preach the Word, teach others what Jesus taught us – we have the keys to heaven, Jesus gave them to Peter we must continue to build on this, soon the church maybe the only refuge that people have – we

must be ready to meet this challenge and I appeal to church leaders to help.

Many years ago, I was left destitute and homeless with two young children, the church did not help me but a cult did! Only by the grace of God am I able to testify to the truth now because He miraculously rescued me and healed me...what is your testimony going to be, what are other's testimonies going to be – people are crying out for help, they need hope the only hope that Jesus can give - do good to your enemies and neighbours...today that person is your enemy tomorrow he can be your friend...We all need Jesus...

God bless you
