

## Apples! Apples! Apples!

Fall is upon us and it's time for APPLES; the official beginning of our fall season! The staff at the Apple Barn is picking a wide variety of apples for you to purchase. The cold spring did set us back a few weeks, so a few your favorite varieties might be a week behind, but still available!

Each year we receive numerous phone calls about the variety as well as characteristics of each apple. The first apple ready will be our Gala's. It is a very sweet, firm medium size apple. It is good for cooking as well as eating. The second apple will be Jonathan. It is the opposite of Gala and has a very tart taste. It is a firm apple that can be cooked or eaten if a tart apple is desired. A favorite eating apple will Honey crisp. It is a semi-sweet apple.

Apples that will be later in September will be an Empire, Red Delicious and a Jona/Gold. The Empire is an excellent all-purpose apple. America's favorite eating apple is the Red Delicious. Last, the Jona/Gold, is a cross between a yellow delicious and Jonathan apple. It is a large semi-sweet apple good for cooking and eating.
