MAY MOMENTS

Lindsey Alford took on a job from me that the client submits his files as excel files. I wrote up 13 jobs from the client yesterday and I had 13 proofs today that were all approved on first submission. In the past it had taken at least a week to get my proofs due to the files he submits and never approved on first round. - *Wendy Seward*

Jesse Nobles took on a variable data job that was 2500 completely different coupon books. Last year it took almost a month to figure out how to use all the excel files to even get client a proof. Jesse took it on and nailed it within days and he ensured we made a very short turn time. He was fabulous. - *Wendy Seward*

I was out of the office on May 23rd and working with a client on a mailer for July Business. I left the information with **Kim Fisher** and she was in touch with the client in my absence. She has helped me with reports, mail questions, etc. and is always willing to lend a hand. Kim is a perfect example of a "TEAM PLAYER." - *Tammy Soukup*
