

New Hope The Vision Center

"A ministry called to spread the Kingdom to the world."

Dr. Stanley B. Searcy, Sr., Bishop/Founder
Pastor Brenda A. Searcy, Co-Pastor

June 27, 2018

To Whom It May Concern,

It gives me great pleasure to recommend Minister Danny Wilson and the God Love Thugz Crusade team to any event where there will be a young millennium generation who definitely need to know the love of God, to know that He hasn't forgotten about them and that no matter who they are, what walk of life they come from or what they have done that God is ready to embrace them through the love of His Son Jesus Christ and that they can have the life and a place to belong in God's Kingdom where they can really be who God intended them to be. I met Minister Wilson and the team through a faithful young man from the congregation and immediately felt the leading of the Lord to embrace him and therefore held a crusade at New Hope Vision Center in Natchez, MS on Saturday, June 16, 2018.

He is very qualified to minister to this generation because the Lord has redeemed him from that environment and he speaks their language. He is an awesome minister of the Gospel of Jesus Christ and is well able to express through the Word of God the necessity of them turning their lives over to God and living for Him.

I highly recommend Minister Wilson basically because what he is doing is so needful. He is on the frontline that is turning our urban areas back to the Lord. I am on board with him and encourage other pastors and leaders to join in on this most necessary movement to turn this millennium generation back to God.

If you need any further information and would like to speak with me personally you may contact me at 601-445-4779 or email me at info@nhvc.org.

Sincerely,

Dr. Stanley B. Searcy Sr.
