Southern Arizona Teen Aviation is a youth organization created to educate high school aged youth about aviation. Through the process of building a Van's RV-12 airplane, these young people will be introduced to all aspects of the aviation industry. They will build and then fly the aircraft. This program will be at little to no cost to the young person. Your donation is critical to the success of this effort.

Again, thank you for your support.

Sincerely,

Southern Arizona Teen Aviation
