WHY YOU BELONG HERE

2024-25 marks the 9th season of React Elite! We are honored that you are considering joining us in this incredible moment in our program history. This will be a fun and historic year!

The life lessons are many, including sportsmanship, teamwork, time management, goal setting, and striving to win! All Star cheer is an inclusive sport where every athlete can grow and find value.

More than ever, athletes need a place to belong and a reason to persevere and feel empowered. We are united for our athletes to challenge limits and beat expectations, never judging... except for those two and a half minutes on the competition mat!

WE ARE REACT ELITE

React Elite is widely regarded as one of the most elite competitive cheer programs in the PNW. We feel incredibly blessed to be the only program in the PNW with four National Championship banners hanging within the walls of our gym (3X NCA & 1X Summit).

We believe cheerleading is not just a sport; it is a way for anyone and everyone to change their life and the lives of people around them and we're here to help you bring out your spirit whether it's your first day in a cheer gym or you're a seasoned veteran.

EVALUATIONS

Evaluations are low-stress workouts. During these workouts, athletes showcase skills they have developed/mastered and continue to work on. Athletes are evaluated on their flexibility, strength & conditioning, stunting, flying, dance, jump ability, and other areas such as coachability, attitude, and leadership.

If this is your athlete's first experience in an All-Star/Competitive cheer environment and they don't have any tumbling/stunting experience yet – no worries, that's what we are here for! Your athlete will still be evaluated; the instructor will look for the athlete(s) to demonstrate the potential to learn new skills and coachability.

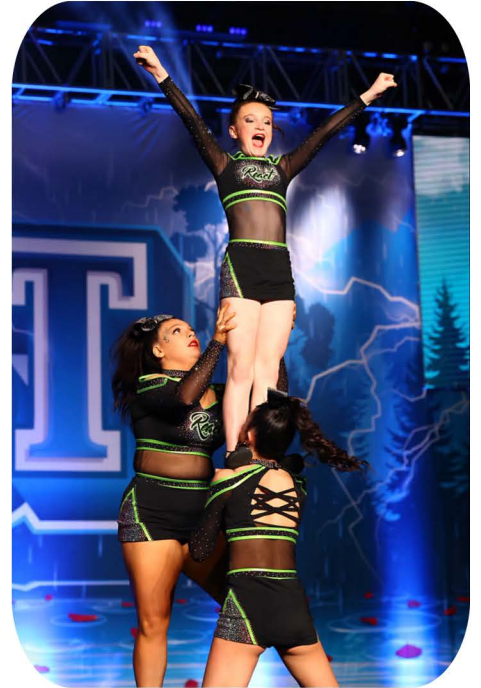

On Registration/Evaluation Day, following each athlete evaluation, the instructor will invite you to one (or multiple) Tryout Sessions. Athletes will also be fitted for their apparel.

TEAM PLACEMENTS

After the final session of tryouts, our staff starts to build team rosters for the upcoming season. They consider many factors when placing athletes and forming teams, such as tumbling skills, stunts, jumps, and experience. Our goal is to create teams with athletes that have mastered the specific level. Once they finalize the rosters, they email athletes (or their parents/guardians) to inform them about team placement and schedule.

FIRST PRACTICE

Teams will start to practice the week of Monday, June 3rd.

COST

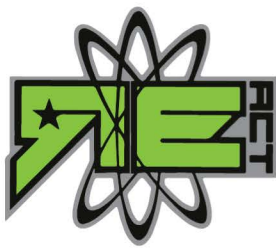

While less costly than some youth activities, competitive cheer can still be expensive. Before considering React Elite or any other program, please consider the financial commitment involved. We have the most qualified and decorated staff in the entire PNW region. As a result, our fees are higher than some other programs. However, factoring in competition entry fees and summer activities, which are typically charged separately at other gyms, you may spend more at other programs. Although others may advertise lower rates, React Elite's overall value per dollar is highly competitive.

We have a total monthly price covering most of the expenses throughout the year. During the 2024 – 2025 season, there will be (11) monthly charges beginning June 3rd, 2024 through April 2025. Tuition is due on the 1st of every month starting July 1st, 2024.

This monthly fee covers Tuition and most other expenses and does not fluctuate monthly. Tuition does not change based on the number or length of practices in any particular month. Our yearly Tuition fee is split into an (11-month) payment plan for your convenience.

The vast majority of athletes attending Evaluations will be placed onto a team. If React Elite cannot find a placement for an athlete, 100% of the try-out/evaluation fee will be credited back.

SKILL GRID

These are suggested tumbling skills for each level. Tumbling is only one consideration of our team placement process. Nearly every athlete will have mastered multiple elite standing and running tumbling skills with good technique to be placed at a level.
