*A Sober, Transitional home available
for lease by the bed for adults in need
of secure transitional sober housing in
Solano County*

702 Daniels Group, LLC

Our Vision

At Daniels House, we are committed to providing safe, supportive Transitional Housing for transitional populations exiting out of military service, treatment or mandated rehabilitation centers and aging out of social services.

Our Mission

To provide housing to address the rising housing insecurity in No. California, partnering with organizations that offer wrap around services to transitional populations looking for safe and secure housing to supplement their journey to independence and stability.

The Asset

Located Solano County, Daniels House is our flagship property in our venture and is a beautiful 5-bedroom, 2.5-bathroom home, fully furnished home.

It features a shared Master Bedroom with private en-suite for two residents; two (2) additional bathrooms accessible to all residents; fully stocked shared kitchen with brand-new appliances (food not included); dining area and separate sitting area for community connection; private enclosed patio for outdoor relaxation; and ample off-street parking for residents.

We are excited to be a part of the solution to the critical shortage of sober transitional housing, offering not just shelter, but a foundation for stability, growth, and independence.

Sober Co-Living with Purpose

Daniels House fosters a diverse and dynamic living environment designed to promote:

- Mutual respect
- Peer support
- Life skills development
- Personal growth

We can accommodate up to 6 residents, ensuring each person has space and support.

Ideal Location

Located near the Vallejo Waterfront, our home offers easy access to:

- Vallejo Ferry Terminal
- Public bus lines
- Major highways: Highway 37 & Interstate 80

Join us in making a difference.

At Daniels House, we're building more than housing, we're helping to build futures.
