RV SEMI-ANNUAL MAINTENANCE CHECKLIST

- ◇ Do a thorough walkaround of your RV to inspect for any damage
- ◇ Wash and wax the RV exterior
- ◇ Lubricate the high wear metal areas
- ◇ Check all exterior seals
- ◇ Inspect the roof
- ◇ Clean roof mounted ac/heatpump coils (if comfortable and understand the process)
- ◇ Check and replace water filters
- ◇ Deep clean and detail the RV interior
- ◇ Weigh your RV

This is not an exhaustive list. Please contact us or your dealer if you need further assistance. There are a few more things that should only be performed by qualified RV technicians.
