## LOVING FRIENDLY FAMILIES

## and Your Homes Become a Host Family

### For a Foreign Exchange Student

Our Host Families can be married or single adults (25 years or older), with or without children, who can provide meals and a loving home for one or two exchange students.

The students need to have their own bedroom. They come with their own spending money. Supplying them with food and shelter and wi-fi are the main basics. We have had families take them on family vacations to wonderful destinations. Family reunions, sporting events, concerts, theme parks, etc. They truly become a favorite part of your family forever.

The students sense of wonder is incredible. They are interested in everything. When you first take them to the grocery store, it is so funny the expression on their face. It is SO much bigger than what they are usually used to. The look on their faces at Universal Studios or Disney, makes the whole trip so worth it. It doesn't have to be anything expensive either. Getting to play sports is a big deal for them. Many are extremely good athletes. It's so fun to watch them compete and try sports they haven't tried before.

Prom is an American ritual they have seen in many movies. So it's really fun to see them fulfill their fantasy.

## What do we have to do to become a host family?

The first thing you need to do is to go to our website and download the application. Once completed, email it back to [hosting@ajourneythrueducation.org](mailto:hosting@ajourneythrueducation.org).

The next steps are a criminal background check, and a home visit and interview by our Local Coordinator. (LC). We will use the information from your application and interview to help match a student to best fit your home and family. Once matched, we encourage communication with your family and the student up until you greet them at the airport. Your LC will come by to do the orientation and will meet with you and the student every month to make sure all of you are having the best experience.
