

2023-2024 TALENT BABY CATALOG

Company Profile

Starting from 2022, TALENT BABY considered to enrich our products line and upgrade our products line to more higher tech level. So we decided to enter into electronic consumer products category such as electronic breast pumps, electronic milk warmer and sterilizer, electronic heater, electronic portable fan. electronic humidifier, electronic air purifier etc. We are dedicated to imply more tech and conveniences to mothers and babies in the world, more than just metal and plastic.

We not only sell products, but also bring new looks, new trends, and new fashions to the market by developing new molds, hinting at new functions, and launching new products to demonstrate our uniqueness in the market.

With our shareholder's help, we purchased a manufacturing plant in Shenzhen and built our own RD and QC team to develop products and monitor our quality, meanwhile, we seriously follow our social obligation by auditing by SEDEX, ISO9001 and follow requirements of CE, RoHS and FCC etc.

We focus ourselves firstly in develop and manufacturing best products with best pricing-quality-ratio. Therefore, we are pleased to provide OEM and ODM service to all of customers around the world.

Like always, as our company's operation philosophy going,

CUSTOMER 1ST

QUALITY 1ST

RESPONSIBILITY 1ST

These words are always marked in our mind and encouraged us to keep on progressing!
